

## *We are Celebrating!*

In October 1989, Tom Janney, CPA, opened his accounting firm on Market Street in Smithville, Tennessee. He was 27 years old at the time and still had hair (well, at least *some* hair). 😊.

Thirty years have come and gone, and it's time to have some fun!

We will be having a celebration on November 1, 2019 during the lunch time hours.

Please check back at this web site as details become available – we will also be sending invitations to friends and clients.

Thanks for celebrating this milestone with us!
