

# KESSLER Investments, Inc.

## *A note from Bill:*

In late 2018 we experienced a market decline that worried many investors. As we enter February in 2019, we continue to believe that patience is warranted for long-term investors, and we expect continued resilience in U.S. economic fundamentals, notably corporate earnings and the job market.

It is also important to note that in 2019 contribution limits have increased for Roth IRA's to \$6,000, and \$7,000 for the catch-up contributions (50+).

Please give us a call at 978-249-2837 to increase your contributions or to schedule your review meeting.
