

## August 2020 Newsletter

2020 continues to bring the unexpected, particularly with the markets. The longest economic expansion quickly followed by the shortest downturn, and now, the fastest return to record highs in some market indexes.

At the same time, election season has swung into high gear, and you will be hearing economic opinions and predictions from both sides. This is the best time to stay focused on the things you can control. A diversified financial strategy is one of the best ways to help achieve your long-term goals.

As the summer winds down I hope you and your family found time to enjoy the outdoors. My family and I found many creative ways to enjoy the summer and look forward to more fun this fall.

Here are some insightful articles from this month—enjoy them and let me know if you have any questions or thoughts.

Thank you,

Peter
