# Combine Your Plan With a Health Savings Account (HSA) and Save Money Tax-Free

You can combine the affordability and simplicity of the high deductible health plan with the tax advantages and financial control of an HSA. Pay for out-of-pocket qualified medical expenses incurred under your high deductible health plan, including expenses that apply toward your deductible using an HSA. You can use an HSA to save up to the amount of your health plan's annual in-network deductible.

Contributions to an HSA are tax deductible in most states, similar to an Individual Retirement Account (IRA). Deduct your contributions from your federal income tax return. Any earnings

on the balance in your account accumulate tax-deferred. Withdrawals on savings, including earned interest, are tax-free if used for qualified medical expenses. Plus, your savings carry over every year and any interest incurred continues to accumulate tax-deferred.

### **Qualified Medical Expenses**

Use your HSA to pay for covered medical expenses, including those that apply toward your health plan's annual deductible. You can also use your HSA to pay for qualified medical expenses that your health plan doesn't cover, such as:

- Diabetic supplies
- Hearing aids
- · Orthodontia, dental cleanings and fillings
- Physical therapy, chiropractic expenses
- Eye exams, eyeglasses, contact lenses
- Laser eye surgery
- Over-the-counter medicines, prescription drugs
- Speech therapy

For a complete list of qualified medical services, consult IRS publication 502: "Medical and Dental Expenses" on the Internal Revenue Service Website at www.irs.gov. Individuals are responsible for compliance of HSA spending regulations.

### "Big company" Benefits in an Individual Health Plan

You are independent and mindful of where your money goes. You fund 100 percent of your health plan premiums without an employer to subsidize your insurance cost. You deserve a health plan that provides many of the same benefits provided by big companies.

From the self-employed individual to the small business employee, Humana *One* offers a variety of plan types to fit your needs. With Humana *One*, you get \$5 million worth of lifetime coverage, preventive care, prescription drug benefits, dental benefits, emergency room care and more.

- Prescription Drug Benefit
- Preventative Care Including routine immunizations (birth to age 18), pap smears and PSA, mammograms, an annual physical exam, and a gynecological exam at 100 percent.
- **Dental Benefit** Insurance benefits for keeping your smile healthy and looking bright.
- Term Life Insurance Extra financial security in times of need.

### **Greater Savings for Self-Employed Individuals**

If you are self-employed, you may be eligible to deduct your health plan premiums from your federal income tax return. This means you can save even more of your hard-earned money.
