Balance Wealth Advisors is happy to present our 2016 calendar. As an elite or premier client you will receive gifts such as this, priority processing of requests, invitations to special events, as well as advanced notice of company updates including new products and in-depth market analysis.

We truly value our relationship and want to thank you for sharing your commitment to our practice and your financial well-being. In 2016, we look forward to helping you plan to reach your financial goals through a premier advisory experience as you pursue your dreams.

Balance Wealth Advisors was established in December 2014 for the practices of David Allen in Wellesley and Thomas Pippitt in Fall River. Prior to this, we were known as Miller, Allen & Associates, established in March 2000. The advisors in our practice have 82 years of combined industry experience. Working together, we'll help you pursue your goals as you focus on living and enjoying your life.
