

AFLAC Plan Descriptions

Insurance Coverage Designed to Help with Serious Health Events

Cancer (Maximum Difference Cancer Insurance Policy)

- Aflac is a pioneer in the cancer insurance industry, they sold their first policy in 1958 and ever since have been paying billions in claims
- Their policies have helped thousands of individuals pay expenses that aren't covered by medical insurance which include: out-of-pocket medical expenses, travel and lodging for out of town treatment, and everyday living expenses

Critical Care and Recovery (Specified Health Event Insurance Policy- Plan 1, Plan 2)

- Serious health condition such as heart attacks, end-stage renal failure, strokes, comas, or third degree burn can be a devastating financial struggle. A specified health event policy can provide cash benefits
- Cash benefits may be used to help pay medical bills, or to help cover daily expenses such as home maintenance, meals, and child care

Accident- (Accident Indemnity Advantage Insurance Policy- Plan 1, Plan 2)

- Helps policyholders cope with medical and out-of-pocket expenses such as hospital stays, medical exams, transportation and lodging
- Policyholders receive cash benefits for broken teeth, concussions, emergency room visits, and many other treatments major medical insurance may not fully cover

Aflac Facts:

- In the United States, men have slightly less than a one in two lifetime risk of developing cancer; for women, the risk is a little more than one in three.
- In 2016, there will be an estimated 1,685,210 new cancer cases diagnosed and 595,690 cancer deaths in the U.S.¹
- About every 34 seconds someone suffers a heart attack.²
- About every 40 seconds someone suffers a stroke.²
- About 1 out of 8 people seek medical attention for an injury.³
- The average medical expenses for an accidental injury is \$5,500.³
