Item 4 Advisory Business

Firm Description

Christian Wealth Management, LLC, ("CWM") was founded in 2008. Carl G. Balestrieri is 100% owner along with his wife Rena Balestrieri. Mr. Balestrieri is the sole investment adviser representative of CWM. Mrs. Balestrieri provides no advisory services and is merely a passive owner of CWM.

CWM provides personalized confidential financial planning and refers individuals to third party money managers for ongoing management of their portfolio. Advice is provided through consultation with the client and may include: determination of financial objectives, identification of financial problems, cash flow management, tax planning, insurance review, investment management, education funding, retirement planning, and estate planning.

CWM is a fee based financial planning and investment management firm. The firm does not sell annuities, insurance, stocks, bonds, mutual funds, limited partnerships, or other commissioned products. The firm's Managing Member is affiliated with entities that sell insurance products.

Investment advice is an integral part of financial planning. In addition, CWM advises clients regarding cash flow, college planning, retirement planning, tax planning and estate planning.

An evaluation of each client's initial situation is provided to the client, often in the form of a net worth statement, risk analysis or similar document. Periodic reviews are also communicated to provide reminders of the specific courses of action that need to be taken. More frequent reviews occur but are not necessarily communicated to the client unless immediate changes are recommended.

Other professionals (e.g., accountants, insurance agents, etc.) are engaged directly by the client on an as-needed basis.

Types of Advisory Services

CWM furnishes financial planning and investment advice through consultations.

On more than an occasional basis, CWM furnishes advice to clients on matters not involving securities, such as taxation issues and trust services that often include estate planning.

FINANCIAL CONSULTING AND REVIEW

If financial planning services are applicable, the client may choose to compensate CWM on an hourly or a negotiable fixed fee basis described in detail under "Fees and Compensation" section of this brochure. Financial plans will be completed and delivered inside of 90 days.

The details of the financial planning services provided are as follows:

Financial planning areas include, but are not limited to: review of the client's current situation, review of the client's current documents, financial planning, retirement planning, income planning, distribution planning, estate planning, insurance planning, college funding, asset allocation, IRA strategies, tax reduction strategies, and electronic account aggregation programs. These services are provided as requested on a la carte basis and are priced accordingly based upon an hourly rate or a negotiable fixed fee.

The financial plans are delivered in person by the financial advisor and reviewed in detail with the client. The Financial Planning Binder becomes the client's property upon the completion of the delivery meeting. It is recommended that the client bring the planning binder to all follow-up meetings with the financial advisor.

SELECTION OF OTHER ADVISERS

CWM refers clients to Third Party Money Managers for ongoing management of client accounts. In such circumstances, CWM shares in the fees charged by the Third Party Manager. Please see Item 10 below for more details.

Client Tailored Services and Client Imposed Restrictions

The goals and objectives for each client are documented in our client files. Investment strategies are created that reflect the stated goals and objective. Clients may impose restrictions on investing in certain securities or types of securities.

Agreements may not be assigned without client consent.

Wrap Fee Programs

CWM does not participate in wrap fee programs.

Client Assets Under Management

CWM does not generally manage clients' money directly, but refers clients to third party money managers and shares in the fees charged by such third party money managers. However, we do manage two accounts on a discretionary basis over which we have custody. The total of these assets under management are \$1,200,000 as of January 1, 2019. We have no non-discretionary assets under management.

Item 5 Fees and Compensation

Method of Compensation and Fee Schedule

CWM bases its fees on fixed fees (not including subscription fees) and fees from third party money managers.

FINANCIAL CONSULTING AND REVIEW

Services include but are not limited to a thorough review of all applicable topics including Wills, Estate Plan/Trusts, Investments, Taxes, and Insurance. Client may cancel at any time during the ninety (90) days with no cost or obligation. Services are completed and delivered inside of ninety (90) days. Client receives an invoice payable to CWM following 90-day plan completion for financial planning services.

Fees for financial plans are due upon plan completion unless otherwise agreed to in writing by the parties. The fees are negotiable based on the client's personal situation, assets, and objectives. Prior to the planning process the client is provided an estimated plan fee.

FIXED FEES

Fixed Fee billing is primarily used for clients needing or wanting Financial Planning Services based upon a one-time flat fee of a fixed amount in the range of \$250 - \$2,500. Clients may engage CWM to prepare and complete comprehensive financial planning documents as noted in the Financial Planning Services section. These services are optional and provided at the client's request.

HOURLY FEES

Financial Planning Services are offered based on an hourly fee of \$300 per hour. The client's profile and goals sheet is used to determine a financial plan of the client. Financial planning includes but is not limited to Estate Planning, Risk Management, Tax Planning, Portfolio Risk Management and IRA Beneficiary Analysis.

FEES FOR SELECTION OF OTHER ADVISERS

CWM has entered into an Agreement with Ashton Royce & Co. ("ARCO"). CWM and ARCO are not affiliated. ARCO provides investment portfolio advice and supervisory services. In exchange for assisting its clients in selecting ARCO as their investment advisor and for ongoing client service, CWM receives fees from ARCO based on the assets of the clients referred to ARCO.

The relationships between CWM and the Third Party Money Manager will be disclosed to the client in writing prior to commencement of the services. Clients must enter into an agreement directly with ARCO.

Ashton Royce & Co. ("ARCO")

Ashton Royce & Co. receives a fee of 0.49%. This fee is **not** based on the amount you invested but, rather, is a management fee based on the average daily net assets of each series of the Ashton Royce Fund.

The amount we charge as our advisory fee is negotiable and based on the amount of assets we manage according to the schedule below:

Ashton Royce Fund Platform and Private Account Asset Allocation

Assets Valuation	CWM Annual Retention
First \$1,000,000	1.50%
Next \$1,000,000	1.25%
Next \$1,000,000	1.00%
Over \$3,000,000	0.75%

ARCO instructs the custodian to deduct the total fee and will send concurrent fee notices to you on our behalf.

You may terminate your advisory relationship with ARCO according to the terms of your agreement with the ARCO. You should review each ARCO's brochure for specific information on how you may terminate your advisory relationship with ARCO and how you may receive a refund, if applicable. You should contact ARCO directly for questions regarding your advisory agreement with the ARCO.

ARCO will bill clients quarterly in advance. You will incur a pro rata charge for services rendered prior to the termination of the portfolio management agreement, which means you will incur advisory fees only in proportion to the number of days in the quarter for which you are a client. If you have pre-paid advisory fees you will receive a prorated refund of those fees paid but unearned at the time of termination.

Additional Client Fees Charged

Custodians may charge transaction fees on purchases or sales of certain mutual funds, equities and exchange-traded funds. These transaction charges are usually small and incidental to the purchase or sale of a security. The selection of the security is more important than the nominal fee that the custodian charges to buy or sell the security.

CWM, in its sole discretion, may waive its minimum fee and/or charge a lesser investment advisory fee based upon certain criteria (e.g., historical relationship, type of assets, anticipated future earning capacity, anticipated future additional assets, dollar amounts of assets to be managed, related accounts, account composition, negotiations with clients, etc.).

Prepayment of Client Fees

CWM does not charge client fees in advance.

External Compensation for the Sale of Securities to Clients

CWM does not receive any external compensation for the sale of securities to clients, nor do any of the investment advisor representatives of CWM.

Item 6 Performance-Based Fees

Sharing of Capital Gains

Fees are not based on a share of the capital gains or capital appreciation of managed securities.

CWM does not use a performance-based fee structure because of the conflict of interest. Performance-based compensation may create an incentive for the adviser to recommend an investment that may carry a higher degree of risk to the client.

Item 7 Types of Clients

Description

CWM generally provides investment advice to individuals.

Client relationships vary in scope and length of service.

Account Minimums

CWM does not require a minimum to open an account. Some Third Party Money Managers utilized by CWM might have minimums to open accounts on their platform.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis and Investment Strategies

Security analysis methods may include fundamental analysis, technical analysis, and cyclical analysis. Investing in securities involves risk of loss that clients should be prepared to bear.

Fundamental analysis involves evaluating a stock using real data such as company revenues, earnings, return on equity, and profits margins to determine underlying value and potential growth.

Technical analysis involves evaluating securities based on past prices and volume.

Cyclical analysis involves analyzing the cycles of the market.

The main sources of information include financial newspapers and magazines, annual reports, prospectuses, and filings with the Securities and Exchange Commission.

Investment Strategy and Method of Analysis Material Risks

The investment strategy for a specific client is based upon the objectives stated by the client during consultations. The client may change these objectives at any time. Each client executes an Investment Policy Statement or Risk Tolerance that documents their objectives and their desired investment strategy.

Other strategies may include long-term purchases, short-term purchases, trading, and option writing (including covered options, uncovered options or spreading strategies).

Security Specific Material Risks

All investment programs have certain risks that are borne by the investor. Our investment approach constantly keeps the risk of loss in mind. Investors face the following investment risks:

- *Interest-rate Risk:* Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less attractive, causing their market values to decline.
- *Market Risk:* The price of a security, bond, or mutual fund may drop in reaction to tangible and intangible events and conditions. This type of risk is caused by external factors independent of a security's particular underlying circumstances. For example, political, economic and social conditions may trigger market events.
- *Inflation Risk:* When any type of inflation is present, a dollar today will buy more than a dollar next year, because purchasing power is eroding at the rate of inflation.
- *Currency Risk:* Overseas investments are subject to fluctuations in the value of the dollar against the currency of the investment's originating country. This is also referred to as exchange rate risk.
- *Reinvestment Risk:* This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e. interest rate). This primarily relates to fixed income securities.
- *Business Risk:* These risks are associated with a particular industry or a particular company within an industry. For example, oil-drilling companies depend on finding oil and then refining it, a lengthy process, before they can generate a profit. They carry a higher risk of profitability than an electric company which generates its income from a steady stream of customers who buy electricity no matter what the economic environment is like.
- *Liquidity Risk:* Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in a standardized product. For example, Treasury Bills are highly liquid, while real estate properties are not.
- *Financial Risk:* Excessive borrowing to finance a business' operations increases the risk of profitability, because the company must meet the terms of its obligations in good times and bad. During periods of financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value.

Item 9 Disciplinary Information

On August 6, 2008, C.G.B. Marketing, Inc. (Christian Estate Planning, Inc.) and Carl Balestrieri agreed to a Settlement Order with the Commonwealth of Virginia SCC paying a \$1,000 Monetary penalty and \$500 to defray the cost of the investigation concerning 13.1-504 A(ii) of the Virginia Securities Act. On August 26, 2008, Christian Wealth Management, LLC voluntarily accepted an Order Imposing Special Supervisory Procedures. "In agreeing to this settlement order C.G.B. Marketing, Inc. (Christian Estate Planning, Inc.) and Carl Balestrieri neither admit nor deny the allegations but admits to the Commission's jurisdiction and the authority to enter this settlement order."

Based on an investigation conducted by the Bureau of Insurance of the Commonwealth of Virginia, the State Corporation Commission alleged on 09/26/2012 that Carl Balestrieri violated sections 38.2-502, 38.2-503, 38.2-509, 38.2-512, and 38.2-1838 of the Code of Virginia ("Code"). Without admitting any violation of Virginia law, Carl Balestrieri accepted an offer of settlement with the Commission on November 2, 2012 wherein he tendered to the Commonwealth the sum of Two Thousand Dollars (\$2,000).

On April 13, 2016, Christian Wealth Management, LLC, and Carl Balestrieri ("Defendants") entered into a Settlement Order with the State Corporation Commission. The Division alleged Defendants violated (i) § 13.1-503 B of the Act making untrue statements of a material fact, or omitting to state material facts necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading through the materials provided to prospective clients as well as through Christian Wealth's website and Form ADV; (ii) § 13.1-516 of the Act by willfully making or causing to be made, in Christian Wealth's Form ADV filed with the Commission statements about fees which were, at the time and in the light of the circumstances in which they made, false or misleading; (iii) 21 VAC 5-80-200 A (8) of the Commission's Rules governing Investment Advisors, 21 VAC 5-80-10 et seq. ("Rules") by misrepresenting to advisory clients or prospective advisory clients, on Christian Wealth's website and its Form ADV, Balestrieri's qualifications, and misrepresenting fees to be charged for the services; and (iv) Rule 21 VAC 5-80-200 A (16) by failing to provide an investment advisory contract for a client that was in writing and discloses the required information.

To settle this matter the Defendants admitted violating § 13.1-516 of the Act, paid a monetary penalty in the amount of \$50,000, paid \$10,000 to defray the costs of investigation but neither admit nor deny the remaining allegations and agreed to not violate the Act in the future.

Item 10 Other Financial Industry Activities and Affiliations

Broker-Dealer or Representative Registration

CWM has no employees that are registered representatives of a broker dealer.

Futures or Commodity Registration

Neither CWM nor its employees are registered or have an application pending to register as a futures commission merchant, commodity pool operator, or a commodity trading advisor.

Material Relationships Maintained by this Advisory Business and Conflicts of Interest

Managing Member Carl Balestrieri has a financial industry affiliated business as an licensed insurance agent. From time to time, he will offer clients advice or products from those activities. Mr. Balestrieri receives commissions from insurance companies on the products he sells. Greater than 50% of Mr. Balestrieri's time is spent in this practice.

These practices represent conflicts of interest because it gives Carl Balestrieri an incentive to recommend products/services based on the commission or fee amount received. This conflict is mitigated by the fact that Mr. Balestrieri has a fiduciary responsibility to place the best interest of the client first and the clients are not required to purchase any products. Clients have the option to purchase these products/services through another insurance agent of their choosing.

Recommendations or Selections of Other Investment Advisors and Conflicts of Interest

CWM may at times utilize the services of Ashton Royce & Co. ("ARCO"), a Third Party Money Manager, to manage client accounts. This situation creates a conflict of interest. However, when referring clients to a third party money manager, the client's best interest will be the main determining factor of CWM.

The relationships between CWM and ARCO will be disclosed to the client in writing prior to commencement of the services. CWM will provide each client a disclosure document containing the following information: (1) the name of the assisting investment advisor representative; (2) the name of the other investment advisor; (3) the nature of the relationship, including any affiliation between the assisting advisor representative and the other investment advisor; (4) a statement that the assisting investment advisor representative will be compensated for his service by the other investment advisor; (5) the terms of such compensation arrangement, including a description of the compensation paid to the assisting investment advisor representative; and (6) compensation differentials charged to clients above the normal other investment advisor's fee, as a result of the cost of obtaining clients by compensating the assisting investment advisor representative. Client's signature is required to confirm consent for services within Third Party Investment Agreement. Client will initial CWM's Investment Advisory Agreement to acknowledge receipt of Third Party Fee Schedule and required documents including ADV Part 2 disclosures.

These practices represent conflicts of interest because CWM shares in the fees paid to ARCO. This conflict is mitigated by the fact that clients are not required to place their business with the advisors recommended or selected by Mr. Balestrieri. Clients have the option to received investment advice through other money managers of their choosing.

Additionally, Mr. Balestrieri has formed a not for profit tax exempt charity, Christians Giving Back, Inc. Christian Wealth Management, LLC, serves as investment adviser for the charity and manages the charity's assets. Consequently, this affiliation gives our firm custody over the charity's assets. The charity's funds and securities will be held with a bank, broker-dealer, or other independent, qualified custodian. Clients of Christian Wealth Management, LLC are not solicited to donate to the charity.

Pursuant to Virginia Securities Act Rule 21 VAC 5-80-190E, we hereby inform you that the following information will be provided separately:

1. The name of the assisting investment advisor representative;
2. The name of the other investment advisor;
3. The nature of the relationship, including any affiliation between the assisting investment advisor representative and the other investment advisor;
4. A statement that the assisting investment advisor representative will be compensated for his services by the other investment advisor;
5. The terms of such compensation arrangement, including a description of the compensation paid to the assisting investment advisor representative;
6. Compensation differentials charged to clients above the normal other investment advisor's fee, as a result of the cost of obtaining clients by compensating the assisting investment advisor representative.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Code of Ethics Description

The employees of CWM have committed to a Code of Ethics ("Code"). The purpose of our Code is to set forth standards of conduct expected of CWM employees and addresses conflicts that may arise. The Code defines acceptable behavior for employees of CWM. The Code reflects CWM and its supervised persons' responsibility to act in the best interest of their client.

One area in which the Code addresses is when employees buy or sell securities for their personal accounts and how to mitigate any conflict of interest with our clients. We do not allow any employees to use non-public material information for their personal profit or to use internal research for their personal benefit in conflict with the benefit to our clients.

CWM's policy prohibits any person from acting upon or otherwise misusing non-public or inside information. No advisory representative or other employee, officer or director of CWM may recommend any transaction in a security or its derivative to advisory clients or engage in personal securities transactions for a security or its derivatives if the advisory representative possesses material, non-public information regarding the security.

CWM's Code of Ethics is based on the guiding principle that the interests of the client are our top priority. CWM's officers, directors, advisors, and other employees have a fiduciary duty to our clients and must diligently perform that duty to maintain the complete trust and confidence of our clients. When the potential for conflict arises, it is our obligation to put the client's interests over the interests of either employees or the company.

The Code of Ethics applies to "access" persons. "Access" persons are employees *who have access to non-public information regarding any clients' purchase or sale of securities, or non-public information regarding the portfolio holdings of any reportable fund, who are involved in making securities recommendations to clients, or who have access to such recommendations that are non-public.*

The firm will provide a copy of the Code of Ethics to any client or prospective client upon request.

Investment Recommendations Involving a Material Financial Interest and Conflict of Interest

CWM and its employees do not recommend to clients securities in which we have a material financial interest.

Advisory Firm Purchase of Same Securities Recommended to Clients and Conflicts of Interest

CWM and its employees may buy or sell securities that are also held by clients. In order to mitigate conflicts of interest such as trading away of client trades, employees are required to disclose all reportable securities transactions as well as provide CWM with copies of their brokerage statements. The Chief Compliance Officer of CWM is Carl Balestrieri. He reviews all employee trades each quarter. The personal trading reviews helps mitigate that the personal trading of employees does not affect the markets and that clients of the firm have received preferential treatment over employee trades.

Client Securities Recommendations or Trades and Concurrent Advisory Firm Securities Transactions and Conflicts of Interest

CWM does not maintain a firm proprietary trading account and does not have a material financial interest in any securities being recommended and therefore no conflicts of interest exist.

Item 12 Brokerage Practices

Factors Used to Select Broker-Dealers for Client Transactions

Carl Balestrieri, managing member of Christian Wealth Management, LLC, serves as trustee to certain accounts for which we provide investment advisory services. Mr. Balestrieri's capacity as trustee gives him custody over the advisory accounts for which he serves as trustee. These accounts will be held with a bank, broker-dealer, or other independent, qualified custodian. If Mr. Balestrieri, acts as trustee for any of your advisory accounts, you will receive account statements from the independent, qualified

On April 13, 2016, Christian Wealth Management, LLC, and Carl Balestrieri ("Defendants") entered into a Settlement Order with the State Corporation Commission. The Division alleged Defendants violated (i) § 13.1-503 B of the Act making untrue statements of a material fact, or omitting to state material facts necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading through the materials provided to prospective clients as well as through Christian Wealth's website and Form ADV; (ii) § 13.1-516 of the Act by willfully making or causing to be made, in Christian Wealth's Form ADV filed with the Commission statements about fees which were, at the time and in the light of the circumstances in which they made, false or misleading; (iii) 21 VAC 5-80-200 A (8) of the Commission's Rules governing Investment Advisors, 21 VAC 5-80-10 et seq. To settle this matter the Defendants admitted violating § 13.1-516 of the Act, paid a monetary penalty in the amount of \$50,000, paid \$10,000 to defray the costs of investigation but neither admit nor deny the remaining allegations and agreed to not violate the Act in the future.
