

Mike McCord, Justin Connors, and Earl Morgan

In his relentless commitment to delivering the most exceptional client experience in Central Florida, Justin Connors of Connors Wealth Management continues to partner with the most experienced professionals in the financial services industry. Recent additions to the Connors Wealth team include Mike McCord and Earl Morgan. “We continue to build out what we believe is one of the strongest Wealth Management teams in Central Florida,” said Justin.

Former Chief Financial Officer for Independent Financial Partners Mike McCord holds the designations of CFA, CFP, CLU, and AIF, and sits on the Investment Policy Committee for Connors Wealth Management. Justin says,

“McCord’s designations and 23 years of experience serve as an incredible resource to our team and we are very fortunate to have him as a portfolio advisor.”

Earl Morgan recently joined the team as the relationship manager and wealth advisor for the partnership with Marine Bank and Trust, where Connors Wealth serves as the exclusive wealth advisor to the bank’s clients. Morgan has over 40 years of experience in banking and financial services, including 18 years at The Northern Trust Company where he served as Sr. Vice President and managing director of private client services, responsible for three billion dollars in assets under management.

In his 18th year in business, Connors claims he hasn’t really worked since 2002, saying, “When you truly love what you do it’s no longer work, it’s the reason you jump out of bed each and every day! I have a tremendous passion for helping people develop and maintain sustainable retirements, so they can spend their remaining years in pursuit of true wealth, what money can’t buy and death can’t take away.”
