NOTICE TO PROSPECTIVE CLIENTS: READ THIS DISCLOSURE BROCHURE IN ITS ENTIRETY

This brochure provides information about the qualifications and business practices of MONECO Advisors, LLC doing business as MONECO Advisors. If clients have any questions about the contents of this brochure, please contact us at (203) 319-3550 or through our website at www.monecoadvisors.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any State Securities Authority. Additional information about our firm is also available on the SEC's website at www.adviserinfo.sec.gov.

Please note that the use of the term “registered investment adviser” and description of our firm and/or our associates as “registered” does not imply a certain level of skill or training. Clients are encouraged to review this Brochure and Brochure Supplements for our firm’s associates who advise clients for more information on the qualifications of our firm and our employees.

Item 2 – Material Changes

MONECO Advisors is required to make clients aware of information that has changed since the last annual update to the Firm Brochure (“Brochure”) and that may be important to them. Clients can then determine whether to review the brochure in its entirety or to contact us with questions about the changes.

Since the last annual amendment filed on 03/06/2017, the following changes have been made:

- Our firm pays referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm Please refer to Item 14 for additional information.
- Our firm may obtain compensation from LPL for the onboarding of advisors. Please refer to Item 14 for additional information.

Item 4 – Advisory Business

MONECO Advisors, LLC is an SEC registered investment adviser located in Fairfield, Connecticut. The firm was incorporated in 1980 as an entity; not a Registered Investment Adviser. In 2014, MONECO Advisors, LLC was registered as an SEC registered investment adviser doing business as MONECO Advisors.

MONECO Advisors provides fee based investment advisory services for compensation primarily to individual clients and high-net worth individuals based on the individual goals, objectives, time horizon, and risk tolerance of each client. Portfolio management services include, but are not limited to, the following:

- Investment strategy
- Asset allocation
- Risk tolerance
- Personal investment policy
- Asset selection
- Regular portfolio monitoring

Advisor representatives are restricted to providing services and charging fees based in accordance with the descriptions detailed in this document and the account agreement. However, the exact service and fees charged to a particular client are dependent upon the representative that is working with the client. Advisors are instructed to consider the individual needs of each client when recommending an advisory platform. Investment strategies and recommendations are tailored to the individual needs of each client.

The individuals associated with MONECO Advisors are appropriately licensed, and authorized to provide advisory services on behalf of MONECO Advisors. Individuals associated with MONECO Advisors are also registered representatives of LPL Financial, an SEC registered broker/dealer, a member of the Financial Regulatory Authority ("FINRA") and the Securities Investors Protection Corporation ("SIPC"). Any securities transactions shall be directed to LPL Financial for execution. MONECO Advisors and LPL Financial are not affiliated legal entities.

Any and all material conflicts of interest are disclosed herein.

Types of Advisory Services Offered

Asset Management

MONECO Advisors through its investment advisor representatives provides ongoing investment advice and management on assets in the client's custodial Strategic Wealth Management (SWM) account held at LPL Financial. Strategic Wealth Management is the name of the custodial account offered through LPL to support investment advisory services provided by MONECO Advisors to our clients. Advice may be discretionary or non-discretionary as indicated in the client account agreement. More specific account information and acknowledgements are further detailed on the account application.

Investment advisor representatives provide advice on the purchase and sale of various types of investments, such as mutual funds, exchange-traded funds ("ETFs"), variable annuity subaccounts, real estate investment trusts ("REITs"), equities, and fixed income securities. The advice is tailored to the individual needs of the client based on the investment objective chosen by the client in order to help assist clients in attempting to meet their financial goals. Accounts are reviewed on a regular

basis and rebalanced as necessary according to each client's investment profile.

LPL Financial Sponsored Advisory Programs:

Our firm may provide advisory services through certain programs sponsored by LPL Financial ("LPL"), a registered investment adviser and broker-dealer. Below is a brief description of each LPL advisory program available to our firm. For more information regarding the LPL programs, including more information on the advisory services and fees that apply, the types of investments available in the programs and the potential conflicts of interest presented by the programs please see the LPL Financial Form ADV Part 2 or the applicable program's Appendix 1 (wrap fee program brochure) and the applicable client agreement.

Optimum Market Portfolios Program (OMP)

OMP offers clients the ability to participate in a professionally managed asset allocation program using Optimum Funds Class I shares. Under OMP, client will authorize LPL on a discretionary basis to purchase and sell Optimum Funds pursuant to investment objectives chosen by the client. Advisor will assist the client in determining the suitability of OMP for the client and assist the client in setting an appropriate investment objective. Advisor will have discretion to select a mutual fund asset allocation portfolio designed by LPL consistent with the client's investment objective. LPL will have discretion to purchase and sell Optimum Funds pursuant to the portfolio selected for the client. LPL will also have authority to rebalance the account.

Personal Wealth Portfolios Program (PWP)

PWP offers clients an asset management account using asset allocation model portfolios designed by LPL. Advisor will have discretion for selecting the asset allocation model portfolio based on client's investment objective. Advisor will also have discretion for selecting third party money managers (PWP Advisors) or mutual funds within each asset class of the model portfolio. LPL will act as the overlay portfolio manager on all PWP accounts and will be authorized to purchase and sell on a discretionary basis mutual funds and equity and fixed income securities.

Model Wealth Portfolios Program (MWP)

MWP offers clients a professionally managed mutual fund asset allocation program. We will obtain the necessary financial data from the client, assist the client in determining the suitability of the MWP program and assist the client in setting an appropriate investment objective. The Advisor will initiate the steps necessary to open an MWP account and have discretion to select a model portfolio designed by LPL's Research Department consistent with the client's stated investment objective. LPL's Research Department is responsible for selecting the mutual funds within a model portfolio and for making changes to the mutual funds selected.

The client will authorize LPL to act on a discretionary basis to purchase and sell mutual funds (including in certain circumstances exchange traded funds) and to liquidate previously purchased securities. The client will also authorize LPL to effect rebalancing for MWP accounts.

In the future, the MWP program may make available model portfolios designed by strategists other than LPL's Research Department. If such models are made available, Advisor will have discretion to choose among the available models designed by LPL and outside strategists.

Manager Access Select Program (MAS)

Manager Access Select provides clients access to the investment advisory services of professional portfolio management firms for the individual management of client accounts. Advisor will assist client in identifying a third party portfolio manager (Portfolio Manager) from a list of Portfolio Managers made available by LPL. The Portfolio Manager manages client's assets on a discretionary basis. Advisor will provide initial and ongoing assistance regarding the Portfolio Manager selection process.

Retirement Plan Consulting

Our firm provides retirement plan consulting services to employer plan sponsors on an ongoing basis. Generally, such consulting services consist of assisting employer plan sponsors in establishing, monitoring and reviewing their company's participant directed defined contribution plans and/or non-participant directed defined benefit plans. As the needs of the plan sponsor dictate, our firm may provide assistance with investment policy statements, ongoing investment recommendations/monitoring, performance reports, changes in investment options, 404(c), Qualified Default Investment Alternative ("QDIA"), service provider liaison, participation education services, participant enrollment, support and vendor analysis, benchmarking and/or fee identification.

In providing services for retirement plan consulting, our firm does not provide any advisory services with respect to the following types of assets: employer securities, real estate (excluding real estate funds and publicly traded REITS), participant loans, non-publicly traded securities or assets, other illiquid investments, or brokerage window programs (collectively, "Excluded Assets").

All retirement plan consulting services shall be in compliance with the applicable state laws regulating retirement consulting services. This applies to client accounts that are retirement or other employee benefit plans ("Plan") governed by the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). If the client accounts are part of a Plan, and our firm accepts appointment to provide services to such accounts, our firm acknowledges its fiduciary standard within the meaning of Section 3(21) or 3(38) of ERISA as designated by the Retirement Plan Consulting Agreement with respect to the provision of services described therein.

Financial Planning Services

Our firm may provide personal financial planning tailored to the individual needs of the client. These services may include, as selected by the client on the financial planning agreement, information and recommendations regarding tax planning, investment planning, retirement planning, estate needs, business needs, education planning, life and disability insurance needs, long-term care needs and cash flow/budget planning. The services take into account information collected from the client such as financial status, investment objectives and tax status, among other data. Fees for such services are negotiable and detailed in the client agreement.

Financial plans may include general recommendations as to types of investment products or specific securities which may be appropriate for the Client to purchase given his/her financial situation and objectives. The Client is under no obligation to act upon the investment adviser's recommendation or purchase such securities through MONECO Advisors and the IAR. However, if the Client desires to purchase securities or advisory services in order to implement his/her financial plan, MONECO Advisors may make a variety of products and services available through its IARs. This may result in

the payment of normal and customary commissions, advisory fees or other types of compensation to MONECO Advisors and the IAR.

Our firm discloses to our financial planning clients that a conflict of interest exists between us and our clients. The client is under no obligation to act upon the investment adviser's recommendation. If the client elects to act on our recommendations, the client is under no obligation to effect the transaction through us

Participation in Wrap Fee Programs

Our firm offers a wrap fee program as further described in Part 2A, Appendix 1 (the "Wrap Fee Program Brochure"). Our firm does not manage wrap fee accounts in a different fashion than non-wrap fee accounts. All accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc.

Regulatory Assets Under Management

As of December 31, 2015, our firm manages \$217,600,000 on a discretionary basis and \$0 on a non-discretionary basis.

Item 5- Fees and Compensation

Asset Management:

The maximum annual fee to be charged to the client's account(s) will not exceed 2.50%. The fee to be assessed to each account will be detailed in the client's signed advisory agreement, LPL Account Application or LPL Tiered Fee Authorization form. Fees are billed on a pro-rata basis quarterly in advance based on the value of the account(s) on the last day of the previous quarter. Fees are negotiable and will be deducted from the account(s). Please note that fees will be adjusted for deposits and withdrawals made during the quarter. If accounts are opened during the quarter, the pro-rata advisory fees will be deducted during the next regularly scheduled billing cycle. In rare cases, our firm will agree to direct bill clients. As part of this process, Clients understand the following:

- a) LPL as the client's custodian sends statements at least quarterly, showing all disbursements for each account, including the amount of the advisory fees paid to our firm;
- b) Clients provide authorization permitting LPL to deduct these fees;
- c) LPL calculates the advisory fees for all fee schedules and deducts them from the client's account.

LPL Sponsored Programs:

The maximum fees for the LPL sponsored advisory programs are as follows:

LPL Sponsored Advisory Program	Annual Percentage of Assets Charge
Optimum Market Portfolios Program (OMP)	Up to 2.50%
Personal Wealth Portfolios Program (PWP)	Up to 2.50%
Model Wealth Portfolios Program (MWP)	Up to 2.50%
Manager Access Select Program (MAS)	Up to 2.50%

The fees for LPL's Financial Sponsored Advisory Programs are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter. LPL serves as program sponsor, investment adviser and broker-dealer for the LPL advisory programs. Our firm and LPL may share in the account fee and other fees associated with program accounts.

Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter. Management fees will be deducted from the client's managed account, upon a signed Account Application Form. The ultimate management fee is indicated on the Account Application Form. Our firm does not have the authority to instruct LPL Financial to change or deduct fees without written client consent. LPL Financial sends a quarterly statement showing all fees deducted from the client accounts.

Retirement Plan Consulting:

Retirement Plan Consulting clients may pay our firm an Ongoing Fee or a One-Time Project Fee. Ongoing Fees may be charged based on the total plan assets under management not to exceed 1.00%, an hourly basis not to exceed \$250 per hour or a flat fee basis not to exceed \$25,000. The One-Time Project Fee is for standalone project specific work and/or initial set-up after the plan is implemented or transitioned to a new platform/product provider. The One-Time Project Fee is intended to cover the additional services (e.g. fund mapping, assistance with enrollment, additional education to committee members and participants, etc.) that our firm may provide as a result of the implementation or transition. One-Time Project Fees are charged on a flat fee basis not to exceed \$5,000. The fee-paying arrangements for Retirement Plan Consulting service will be determined on a case-by-case basis and will be detailed in the signed agreement.

Financial Planning & Consulting:

Our firm charges on an hourly or flat fee basis for financial planning services. The total estimated fee, as well as the ultimate fee charged, is based on the scope and complexity of our engagement with the client. The maximum hourly fee to be charged will not exceed \$350. Flat fees range from \$1,500 to \$10,000. Our firm requires a retainer of 50% of the ultimate financial planning or consulting fee at the time of signing. The remainder of the fee will be directly billed to the client and due within 30 days of a financial plan being delivered or consultation rendered. Our firm will not require a retainer exceeding \$1,200 when services cannot be rendered within 6 months.

Other Types of Fees & Expenses

Non-Wrap Clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our firm's advisory fees and will be disclosed by the chosen custodian. Clients may also pay holdings charges imposed by the chosen custodian for certain investments, charges imposed directly by a mutual fund, index fund, or exchange traded fund, which shall be disclosed in the fund's prospectus (i.e., fund management fees, initial or deferred sales charges, mutual fund sales loads, 12b-1 fees, surrender charges, variable annuity fees, IRA and qualified retirement plan fees, and other fund expenses). Our firm does not receive a portion of these fees.

Wrap clients will not incur transaction costs for trades. More information about this can be found in our separate Wrap Fee Program Brochure.

Termination & Refunds

Either party may terminate the signed advisory agreement at any time. Upon receipt of your notice of termination, LPL will process a pro-rate refund of the unearned portion of the advisory fees charged in advance at the beginning of the quarter.

Either party to a Retirement Plan Consulting Agreement may terminate at any time by providing written notice to the other party. Full refunds will only be made in cases where cancellation occurs within 5 business days of signing an agreement. After 5 business days from initial signing, either party must provide the other party 30 days written notice to terminate billing. Billing will terminate 30 days after receipt of termination notice. Clients will be charged on a pro-rata basis, which takes into account work completed by our firm on behalf of the client. Clients will incur charges for bona fide advisory services rendered up to the point of termination (determined as 30 days from receipt of said written notice) and such fees will be due and payable.

Commissionable Securities Sales

Representatives of our firm are registered representatives of LPL Financial (“LPL”), member FINRA/SIPC. As such they are able to accept compensation for the sale of securities or other investment products, including distribution or service (“trail”) fees from the sale of mutual funds. Clients should be aware that the practice of accepting commissions for the sale of securities presents a conflict of interest and gives our firm and/or our representatives an incentive to recommend investment products based on the compensation received. Our firm generally addresses commissionable sales conflicts that arise when explaining to clients these sales create an incentive to recommend based on the compensation to be earned and/or when recommending commissionable mutual funds, explaining that “no-load” funds are also available. Our firm does not prohibit clients from purchasing recommended investment products through other unaffiliated brokers or agents.

Lower fees for comparable services may be available from other sources.

Item 6 – Performance-Based Fees and Side-by-side Management

Neither the firm or any supervised persons accepts performance-based fees, fees based on a share of capital gains on or capital appreciation of the assets of a client such as a hedge fund or other pooled investment vehicle.

Item 7 – Types of Clients

The advisory services offered by MONECO Advisors are available for individuals, individual retirement accounts (“IRAs”), banks and thrift institutions, pension and profit sharing plans, including plans subject to Employee Retirement Income Security Act of 1974 (“ERISA”), trusts, estates, charitable organizations, state and municipal government entities, corporations and other business entities.

However, the firm generally provides investment advice to individuals and high net worth individuals. The firm is currently not working with other types of clients or pursuing them as prospects but would not turn away any opportunities that may arise.

Our requirements for opening and maintaining accounts or otherwise engaging us:

- Our firm requires a minimum account balance of \$10,000 for our Asset Management service. Generally, this minimum account balance requirement is negotiable and would be required throughout the course of the client's relationship with our firm.
- A minimum account value of \$15,000 is required for OMP.
- A minimum account value of \$250,000 is required for PWP.
- A minimum account value of \$50,000 is required for MWP.
- A minimum account value of \$100,000 is required for Manager Access Select, however, in certain instances, the minimum account size may be lower or higher.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

We emphasize continuous and regular account supervision. As part of our asset management service, we generally create a portfolio, consisting of individual stocks or bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments.

The client's individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client's circumstances. Once the appropriate portfolio has been determined, we review the portfolio at least quarterly and if necessary, rebalance the portfolio based upon the client's individual needs, stated goals and objectives. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio.

The firm uses a combination of fundamental, technical and cyclical analysis in order to formulate investment advice when managing assets. Depending on the analysis the firm will implement a long or short term trading strategy based on the particular objectives and risk tolerance of a particular client.

- *Fundamental Analysis* involves the analysis of financial statements, the general financial health of companies, and/or the analysis of management or competitive advantages. Fundamental analysis concentrates on factors that determine a company's value and expected future earnings. This strategy would normally encourage equity purchases in stocks that are undervalued or priced below their perceived value. The risk assumed is that the market will fail to reach expectations of perceived value.
- *Technical Analysis* involves the analysis of past market data; primarily price and volume. Technical analysis attempts to predict a future stock price or direction based on market trends. The assumption is that the market follows discernible patterns and if these patterns can be identified then a prediction can be made. The risk is that markets do not always follow patterns and relying solely on this method may not take into account new patterns that emerge over time.
- *Cyclical Analysis* involves the analysis of business cycles to find favorable conditions for buying and/or selling a security. Cyclical analysis assumes that the markets react in cyclical patterns which, once identified, can be leveraged to provide performance. The risks with this strategy are two-fold: 1) the markets do not always repeat cyclical patterns; and 2) if too many investors begin to implement this strategy, then it changes the very cycles these investors are trying to exploit.

Please note, investing in securities involves risk of loss that clients should be prepared to bear. There are different types of investments that involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy will be profitable or equal any specific performance level(s). Past performance is not indicative of future results.

The firms' methods of analysis and investment strategies do not represent any significant or unusual risks however all strategies have inherent risks and performance limitations such as:

- Market Risk - the risk that the value of securities may go up or down, sometimes rapidly or unpredictably, due to factors affecting securities markets generally or particular industries.
- Interest Rate Risk - the risk that fixed income securities will decline in value because of an increase in interest rates; a bond or a fixed income fund with a longer duration will be more sensitive to changes in interest rates than a bond or bond fund with a shorter duration.
- Credit Risk - the risk that an investor could lose money if the issuer or guarantor of a fixed income security is unable or unwilling to meet its financial obligations.
- Mutual Funds - Investing in mutual funds carries the risk of capital loss and thus you may lose money investing in mutual funds. All mutual funds have costs that lower investment returns. The funds can be of bond "fixed income" nature (lower risk) or stock "equity" nature (mentioned below).
- Equity - investment generally refers to buying shares of stocks in return for receiving a future payment of dividends and/or capital gains if the value of the stock increases. The value of equity securities may fluctuate in response to specific situations for each company, industry conditions and the general economic environments.
- Fixed income - investments generally pay a return on a fixed schedule, though the amount of the payments can vary. This type of investment can include corporate and government debt securities, leveraged loans, high yield, and investment grade debt and structured products, such as mortgage and other asset-backed securities, although individual bonds may be the best known type of fixed income security. In general, the fixed income market is volatile and fixed income securities carry interest rate risk. (As interest rates rise, bond prices usually fall, and vice versa. This effect is usually more pronounced for longer-term securities.) Fixed income securities also carry inflation risk, liquidity risk, call risk, and credit and default risks for both issuers and counterparties. The risk of default on treasury inflation protected/inflation linked bonds is dependent upon the U.S. Treasury defaulting (extremely unlikely); however, they carry a potential risk of losing share price value, albeit rather minimal. Risks of investing in foreign fixed income securities also include the general risk of non-U.S. investing described below.
- Exchange Traded Funds (ETFs) - An ETF is an investment fund traded on stock exchanges, similar to stocks. Investing in ETFs carries the risk of capital loss (sometimes up to a 100% loss in the case of a stock holding bankruptcy). Areas of concern include the lack of transparency in products and increasing complexity, conflicts of interest and the possibility of inadequate regulatory compliance. Precious Metal ETFs (e.g., Gold, Silver, or Palladium Bullion backed "electronic shares" not physical metal) specifically may be negatively impacted by several unique factors, among them (1) large sales by the official sector which

own a significant portion of aggregate world holdings in gold and other precious metals, (2) a significant increase in hedging activities by producers of gold or other precious metals, (3) a significant change in the attitude of speculators and investors.

- Annuities - are a retirement product for those who may have the ability to pay a premium now and want to guarantee they receive certain monthly payments or a return on investment later in the future. Annuities are contracts issued by a life insurance company designed to meet requirement or other long-term goals. An annuity is not a life insurance policy. Variable annuities are designed to be long-term investments, to meet retirement and other long-range goals. Variable annuities are not suitable for meeting short-term goals because substantial taxes and insurance company charges may apply if you withdraw your money early. Variable annuities also involve investment risks; just as mutual funds do.
- Non-U.S. securities - present certain risks such as currency fluctuation, political and economic change, social unrest, changes in government regulation, differences in accounting and the lesser degree of accurate public information available.

Item 9 – Disciplinary Information

Registered investment advisers are required to disclose all material facts regarding any legal or disciplinary events that would be material to your evaluation of an advisory firm or the integrity of a firm's management.

Any such disciplinary information for the company and the company's investment advisor representatives would be provided herein and publicly accessible by selecting the Investment Advisor Search option at <http://www.adviserinfo.sec.gov>. There are no legal or disciplinary events to disclose.

Item 10 – Other Financial Industry Activities and Affiliations

Investment advisor representatives may also be registered representatives of LPL Financial, an unaffiliated SEC registered and FINRA/SIPC member broker/dealer. Clients may choose to engage a registered investment advisor in their capacity as a registered representative of the unaffiliated LPL Financial broker/dealer, to implement investment recommendations on a commission basis.

Representatives of our firm are insurance agents/brokers. They may offer insurance products and receive customary fees as a result of insurance sales. A conflict of interest may arise as these insurance sales may create an incentive to recommend products based on the compensation adviser and/or our supervised persons may earn and may not necessarily be in the best interests of the client. Such potential conflicts of interest are subject to review by the Chief Compliance Officer and subject to LPL Financial surveillance controls.

Our firm is not registered, nor does it have an application pending to register, as a futures commission merchant, commodity pool operator, commodity trading advisor, banking or thrift institution, accountant or accounting firm, lawyer or law firm, insurance company or agency, pension consultant, real estate broker or dealer or a sponsor or syndicator of limited partnership, or an associated person of the foregoing entities.

Our firm does not utilize nor select third-party investment advisers. All assets are managed by

MONECO Advisors.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

MONECO Advisors maintains a Code of Ethics, which serves to establish a standard of business conduct for all employees that are based upon fundamental principles of openness, integrity, honesty and trust.

The code of ethics includes guidelines regarding personal securities transactions of its employees and investment advisor representatives. The code of ethics permits employees and investment advisor representatives or related persons to invest for their own personal accounts in the same or different securities that an investment advisor representative may purchase for clients in program accounts. This presents a potential conflict of interest because trading by an employee or investment advisor representatives in a personal securities account in the same or different security on or about the same time as trading by a client could potentially disadvantage the client. MONECO Advisors addresses this conflict of interest by requiring in its code of ethics that employees and investment advisor representatives report certain personal securities transactions and holdings to the Chief Compliance Officer for review.

An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction being implemented for an advisory account, thereby preventing an employee from benefiting from transactions placed on behalf of advisory accounts.

Neither MONECO Advisors nor a related person recommends to clients, or buys or sells for client accounts, securities in which you or a related person has a material financial interest.

Item 12 – Brokerage Practices

MONECO Advisors receives support services and/or products from LPL Financial, many of which assist the MONECO Advisors to better monitor and service program accounts maintained at LPL Financial. These support services and/or products may be received without cost, at a discount, and/or at a negotiated rate, and may include the following:

- investment-related research
- pricing information and market data
- software and other technology that provide access to client account data
- compliance and/or practice management-related publications
- consulting services
- attendance at conferences, meetings, and other educational and/or social events
- marketing support
- computer hardware and/or software
- other products and services used by Advisor in furtherance of its investment advisory business operations

These support services are provided to MONECO Advisors based on the overall relationship between MONECO Advisors and LPL Financial. It is not the result of soft dollar arrangements or any other express arrangements with LPL Financial that involves the execution of client transactions as a condition to the receipt of services. MONECO Advisors will continue to receive the services regardless of the volume of client transactions executed with LPL Financial. Clients do not pay more for services as a result of this arrangement. There is no corresponding commitment made by the MONECO Advisors to LPL Financial or any other entity to invest any specific amount or percentage of client assets in any specific securities as a result of the arrangement.

Our firm has an arrangement with LPL Financial. LPL Financial offers to independent investment advisers non-soft dollar services which include custody of securities, trade execution, clearance and settlement of transactions. We receive some non-soft dollar benefits from LPL Financial through our participation in the program.

LPL Financial may make certain research and brokerage services available at no additional cost to our firm. These services may be directly from independent research companies, as selected by our firm (within specific parameters). Research products and services provided by LPL Financial may include research reports on recommendations or other information about, particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software used in investment decision-making; and other products or services that provide lawful and appropriate assistance by LPL Financial to our firm in the performance of our investment decision-making responsibilities.

Although the non-soft dollar investment research products and services that may be obtained by our firm will generally be used to service all of our clients, a brokerage commission paid by a specific client may be used to pay for research that is not used in managing that specific client's account.

As a result of receiving the services MONECO Advisors may have an incentive to continue to use or expand the use of LPL Financial services. Our firm examined this potential conflict of interest when we chose to enter into the relationship with LPL and we have determined that the relationship is in the best interest of our firm's clients and satisfies our fiduciary obligations, including our duty to seek best execution.

LPL Financial charges brokerage commissions and transaction fees for effecting certain securities transactions (i.e., transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). LPL enables us to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction

charges. LPL Financial commission rates are generally discounted from customary retail commission rates. However, the commission and transaction fees charged by LPL Financial may be higher or lower than those charged by other custodians and broker/dealers.

Clients may pay a commission to LPL Financial that is higher than another qualified broker dealer might charge to effect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although we will seek competitive rates, to the benefit of all clients, we may not necessarily obtain the lowest possible commission rates for specific client account transactions.

Neither we nor any of our firm's related persons have discretionary authority in making the determination of the brokers with whom orders for the purchase or sale of securities are placed for execution, and the commission rates at which such securities transactions are effected. We routinely recommend that a client directs us to execute through a specified broker-dealer. Our firm recommends the use of LPL Financial. Each client that chooses LPL Financial will be required to establish an account if not already done. Please note that not all advisers have this requirement.

Clients may direct their brokerage transactions at a firm other than LPL Financial. However, we may be unable to achieve more favorable executions of client transactions. Client directed brokerage may cost clients more money. For example, in a directed brokerage account, you may pay higher brokerage commissions because we may not be able to aggregate orders to reduce transaction costs, or you may receive less favorable prices.

Item 13 – Review of Accounts

For those clients to whom MONECO Advisors provides investment supervisory services, account reviews are conducted on an ongoing basis by Christopher J. Neubert, the Chief Compliance Officer. All investment supervisory clients are advised that it remains their responsibility to advise MONECO Advisors of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with their investment advisor representative on an annual basis.

Christopher J. Neubert, the Chief Compliance Officer, may also conduct account reviews based on the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and by client request. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. MONECO Advisors may also provide a written periodic report summarizing account activity and performance.

Item 14 – Client Referrals and Other Compensation

MONECO Advisors receives an economic benefit from LPL Financial in reimbursement for marketing related expenses. Please see detailed discussion of the categories of marketing related expenses and potential conflicts of interest in Item 12 Brokerage Practices.

MONECO Advisors and employees may receive additional compensation from product sponsors. However, such compensation may not be tied to the sales of any products. Compensation may include such items as gifts valued at less than \$100 annually, an occasional dinner or ticket to a sporting event, or reimbursement in connection with educational meetings with investment advisor representative, client workshops or events, marketing events or advertising initiatives, including services for identifying prospective clients. Product sponsors may also pay for, or reimburse MONECO Advisors for the costs associated with, education or training events that may be attended by MONECO Advisors employees and investment advisor representatives and for MONECO Advisors sponsored conferences and events. Additionally, LPL may compensate our firm for on boarding advisors. Our clients do not pay more for investment transactions effected and/or assets maintained at LPL as result of this arrangement. There is no commitment made by us to LPL or any other institution as a result of the above arrangement.

Referral Fees

Our firm pays referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940. Such referral fee represents a share of our investment advisory fee charged to our clients. This arrangement will not result in higher costs to the referred client. In this regard, our firm maintains Solicitors Agreements in compliance with Rule 206 (4)-3 of the Investment Advisers Act of 1940 and applicable state and federal laws. All clients referred by Solicitors to our firm will be given full written disclosure describing the terms and fee arrangements between our firm and Solicitor(s). In cases where state law requires licensure of solicitors, our firm ensures that no solicitation fees are paid unless the solicitor is registered as an investment adviser representative of our firm. If our firm is paying solicitation fees to another registered investment adviser, the licensure of individuals is the other firm's responsibility.

Item 15 - Custody

MONECO Advisors does not have actual or constructive custody of client funds. LPL Financial will serve as the custodian of client assets on behalf of the MONECO Advisors. MONECO Advisors may also provide advisory services on assets held at different third party custodians.

MONECO Advisors urges you to carefully review the statements provided by the custodian and compare such official custodial records to the account statements that may be provided by MONECO Advisors.

LPL Financial as the custodian sends statements at least quarterly to clients showing all disbursements in account including the amount of the advisory fees paid to advisor, the value of client assets upon which advisor's fee was based, and the specific manner in which advisor's fee was calculated. Clients provide authorization to LPL Financial permitting advisory fees to be deducted from client advisory account. LPL Financial calculates the advisory fees and deducts them from client's account every quarter.

Item 16 - Investment Discretion

Clients have the option of providing our firm with investment discretion on their behalf, pursuant to

an executed investment advisory client agreement. By granting investment discretion, our firm is authorized to execute securities transactions, determine which securities are bought and sold, and the total amount to be bought and sold. Limitations may be imposed by the client in the form of specific constraints on any of these areas of discretion with our firm's written acknowledgement.

Item 17 – Voting Client Securities

Our firm does not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, our firm will forward them to the appropriate client and ask the party who sent them to mail them directly to the client in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

Third party money managers selected or recommended by our firm may vote proxies for clients. Therefore, except in the event a third party money manager votes proxies, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Therefore (except for proxies that may be voted by a third party money manager), our firm and/or the client shall instruct the qualified custodian to forward to copies of all proxies and shareholder communications relating to the client's investment assets.

Item 18 – Financial Information

MONECO Advisors does not require or solicit prepayment of more than \$1,200 in fees per client, six months or more in advance.

There are no financial conditions that are reasonably likely to impair the firm's ability to meet contractual commitments to clients. At no time has MONECO Advisors been the subject of a bankruptcy petition.
