1. Deductibles for Parts A & B
 2. Cost of extended hospitalization under Part A
 3. Coinsurance on doctors’ services and outpatient care under Part B
 4. Costs in excess of medicare-approved charges
 5. Most self-administered prescription drugs
 6. Skilled nursing facility costs regulated by state insurance authorities within guidelines set by the federal government
- 10 standard Medigap plans offer different levels of supplemental coverage (A-D, F, G, K-N).§ The best time to buy a Medigap policy is during the six month period that begins on the first day of the month in which you are age 65 or older and enrolled in Part B. - If you want prescription drug coverage, in most cases you will need to obtain the coverage through your Medicare Advantage Plan.
- Each plan can charge different out-of-pocket costs. You usually pay one monthly premium to the plan, in addition to your Part B premium.

* A person can enroll in Part D anytime if they qualify for the extra help due to low income. † Surcharges may apply for late enrollment. ‡ May be higher for individuals with higher income. § Special provisions offered in MA, MN and WI. || Only available in Pennsylvania.
