

EFFPA is excited to announce that we have resumed normal operations and conducting in-person client meetings. The past few months have been challenging for everyone, and we thank you for your patience and support. We look forward to seeing you!

As we all continue to navigate the “new normal”, the health and safety of our clients, partners and team remains our top priority. As a result, we’ve implemented a few changes in our office:

- All are asked to wear a mask when in the common areas of the building and our suite. Our conference room allows for the recommended 6-foot social distancing guidelines, so leaving your mask on during your meeting will be at your discretion. If you arrive without a mask, we can provide one for you.
- In addition to our regular office cleaning, all high-touch surfaces will be frequently cleaned and disinfected. Hand sanitizer will be readily available for your use.

We realize that everyone’s comfort level in the current environment will be different. If you’re high-risk, are feeling unwell, have recently visited a COVID-19 “hot spot,” or aren’t comfortable with venturing out, we would be happy to “meet” with you via Zoom or phone. Please know that we are committed and prepared to serve you through this disruptive time.

If you or someone you know has suffered a job loss or has been impacted financially by this pandemic, feel free to reach out. We are here and ready to help.
