

Recycled Spirits of Iron

The Artwork of Dan Klennert

"I do not form shapes, I collect shapes to create my forms."

Welcome to a web page devoted to my love of iron sculpture!

I hope you will enjoy browsing through these pictures of my recycled iron sculptures as much as I enjoyed creating them! Please click on any of the links below to begin your journey into my imagination...

Please come and visit my sculpture park titled Ex-Nihilo (pronounced "Ex Nee-Hill-o" - one of several ways to pronounce it according to Webster's!) which means something created from out of nothing in Latin. Ex-Nihilo is located right alongside State Route 706 on the way to the west entrance to Mount Rainier National Park in beautiful Washington State ([map](#)). Stop by and say hi!

If you need accommodations, or just want to know more about places to go and things to see in the area, check out the [Mount Rainier Business Association](#) web page!
