Item 4- Other Business Activities

Mr. Caplen is a registered representative with National Securities Corporation ("NSC"), member FINRA/SIPC, as well as an investment advisory representative ("IAR") of NAM. Registered representatives of NSC provide securities brokerage services for commissions, and receive a portion of the brokerage commissions paid to NSC. They may also receive a portion of any ongoing distribution of service (trail) fees from the sale of mutual funds or from variable annuity purchases. The dual registration presents an inherent conflict of interest and an incentive to recommend investment products based on the compensation received, rather than on a client's needs. However, in accordance with fiduciary duties of an IAR and as a matter of firm procedure, IARs assist clients in making decisions regarding whether to establish a brokerage or an advisory account (and determine the types of transactions that will take place through each account if a client has both accounts) based on the clients' goals, objectives, risk tolerance and other factors. Further, as a matter of procedure, NAM does not generally permit front-end or back-end load mutual funds in the advisory program, or any other class that has high trail fees. If such mutual funds are transferred into an advisory account, advisory fees will be suppressed if a front-end or back-end load has been charged or there are high trail fees. Clients have the option to purchase investment products through other broker-dealers or advisors.

Mr. Caplen also offers fixed insurance products through National Insurance Corporation.
