

Bert Languet, CFP® and guests attend the 18<sup>th</sup> Annual Mid-Maine Homeless Shelter Golf Tournament

Over \$18,000 was raised at the 18th annual Mid-Maine Homeless Shelter Golf Tournament held in Clinton, ME on September 24th, 2015. The money raised will go towards the general fund and also keep the facility warm through the winter. MMHS is a 24 hours a day 7 days a week facility and without this influx of income we would have to close during the day from 8 am to 4pm like the other urban shelters. This charity tournament keeps people and families with children out of the cold. We have support staff to work on housing and employment during the daytime, 67% of our guests secure employment while working with our employment program and 97% of those families and single adults that we have housed in the last 3 years are still stably housed, “it is awesome to experience people rebuilding lives” said Betty Palmer, Executive Director.
