The reality of life.

We'd all like to believe that if we plan carefully, our lives will tend to follow in the direction of our dreams.

In reality, the distance from point A to point B is full of zigs and zags – the moments that make our lives so unique, so interesting, so valued. So worth protecting.

Whole Life insurance is living insurance, designed to provide benefits to you and your family, across the travels and trials of your life and your legacy. So you're covered in so many ways, along whatever path you find yourself on.

With Whole Life

A place to call "home." Tanya and Jason use a tax-advantaged policy withdrawal for a down payment.

Business is off to a fast start! Marta needs to expand. Using her Whole Life policy's cash value as collateral, she pounces on a favorable loan rate from the bank.

Wedding bills! Dan proposes to the woman of his dreams, and they use a tax-advantaged policy loan to fund

Moving forward. After several years of marriage and the birth of a son, Dan's wife passes away unexpectedly. He uses her policy's death benefit to keep up.

Tanya and Jason's life insurance policies have substantial cash value. They use this to help pay some of their kids' tuition costs.

> Gone fishin'! cially, but he worries about how market volatility will affect some of his assets. He's comfortable about his Whole Life policy though there if he needs it.

"Nana & Papa" Having saved for retirement, the main financial goal is ensuring a legacy for their family.
Fortunately, their Whole Life policies are doing just that.

Success ion. Marta uses her life insurance to fund a buy-sell agreement to help provide estate liquidity when she decides to leave the real estate agency to her daughter.

Marta purchases a policy for her newborn daughter as a tax-advantaged

savings strategy.
