

The Rudolph Group Winter Edition 2022

The end of the year seems to often slip upon us. It feels like it was just Labor Day with its hot sunshine and as I write this article it is 25 degrees! We certainly hope you were able to enjoy Thanksgiving and hopefully eat lots of casseroles and desserts! This time of year is also a time to reflect on the past and look ahead to the future. As we all reflect on this past year and the many things that may have impacted our life, there tends to be issues that aren't always pleasant like health, stock market declines, inflation, election results and the list goes on. I would challenge you to instead, reflect on all the things that went well and look at some of the unpleasant issues as opportunities.

Some of the opportunities we look at toward the end of the year at Baird are financial ones. These are tax loss harvesting, gifting to your loved ones, qualified charitable distributions from an IRA, retirement contributions, and portfolio rebalancing.

As we reflect on 2022, Bart, Darrin, Bobbie, and Lauren are thankful for the continued relationships with you, new ones we made this year, and those that are yet to come. We love our new location to better serve you and to work with such a great firm as Baird. We are thankful for the freedoms that we have in our country. We all have so much to be thankful for and there's not near enough room to list them all. May you and your family have a blessed Christmas season and prosperous new year. We look forward to 2023!

"For unto us a child is born, unto us a Son is given; And the government will be upon His shoulder. And His name will be called Wonderful, Counselor, Mighty God, Everlasting Father, Prince of Peace." Isaiah 9:6

"For there is born to you this day in the City of David a Savior, who is Christ the Lord." Luke 2:11

Our Second Opinion Service

You may have friends or family members that have discussed their finances with you or expressed some concern over the markets this year. We are confident that we can offer some guidance and if you refer someone to us for a second opinion, there are three potential outcomes:

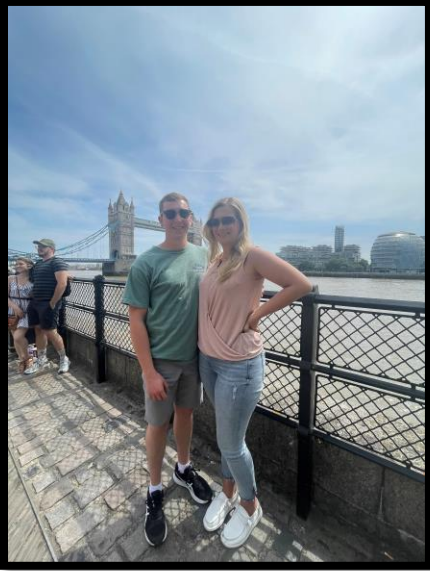

1. If we find them in good shape, we will advise them to stay where they are.
2. If we find they could improve their situation, but we are not the best fit for them, we will point them in the right direction to an advisor who can work with them more effectively.
3. If we find gaps in their current plan and feel we could provide a significant advantage in helping them reach their goals, then we would explore the idea of working with them.

We sincerely appreciate you and value all the friends and family members you have referred to us over the years. We never take our role in your financial future lightly.

The referral of a friend or family member is the best compliment we receive and sincerely appreciate your trust for so many years.
