Intelligent Investment Management, LLP is a registered investment adviser. Registration of an Investment Adviser does not imply any level of skill or training. The oral and written communications of Intelligent Investment Management, LLP provide you with information about which you determine to hire or retain Intelligent Investment Management, LLP.

Additional information about Intelligent Investment Management, LLP (CRD Number 108833) is available on the SEC's website at www.adviserinfo.sec.gov.

February 26, 2024

Material Changes

This annual Brochure dated February 26, 2024, is an updated document prepared to include material changes from the last annual update dated February 6, 2023.

The transition to Charles Schwab & Co., Inc. as client account custodian/broker is now complete. Charles Schwab & Co., Inc. will function as our custodian for all client accounts managed by Intelligent Investment Management, LLP. This change was effective September 1, 2023, and includes consent for both Charles Schwab & Co., Inc. and Intelligent Investment Management, LLP to trade, collect management fees and manage all client accounts.

As of January 1, 2024, we have contracted with a new professional technology company to implement and monitor all our IT (Information Technology) and cybersecurity requirements. We have reviewed and consider the firm to be capable and current regarding cybersecurity standards for our industry. They have a robust set of strategies and tools to protect Intelligent Investment Management, LLP data. They help us maintain the recommended standards of the NIST (National Institute of Standards and Technology), created by Executive order from the White House in 2013. The SEC has adopted most of these standards for our industry. As a result, we maintain an ongoing series of tasks that keep all data used by us from vendors as well as clients secure.

Advisory Business

Firm Description

Intelligent Investment Management, LLP was founded in 1997. Our offices are in Durango, CO and we offer advisory services to Clients located across the United States.

Intelligent Investment Management, LLP provides personalized investment management to individuals, families, trusts, partnerships, estates, charitable organizations and small businesses. Investment management advice is provided through consultation with the Client about their specific financial goals and may include determination of financial objectives, identification of financial problems, cash flow management, tax planning, insurance review, education funding, retirement planning and estate planning.

Intelligent Investment Management, LLP is strictly a fee-only investment management firm using financial planning goals as the basis for the long-term investment strategies. The Firm does not sell and is not affiliated with Firms that sell annuities, insurance, stocks, bonds, mutual funds, limited partnerships or other commissioned products. No commissions in any form are accepted. No finder's fees are accepted. Intelligent Investment Management, LLP does not act as a custodian of Client assets. The Client always maintains asset control. Intelligent Investment Management, LLP places trades for Clients under a limited power of attorney. Other professionals (e.g., lawyers, accountants, insurance agents, etc.) are engaged directly by the Client on an as-needed basis. Conflicts of interest will be disclosed to the Client in the unlikely event they should occur.

Principal Owners

James M. Brost is a 40% owner. G. Stephen Wheeldon is a 30% owner. Jean B. Wheeldon is a 30% owner.

Types of Advisory Services

Intelligent Investment Management, LLP provides investment management services based on Client's financial planning goals and objectives. As of December 31, 2023, Intelligent Investment Management, LLP managed approximately \$80,800,000 in assets for approximately 105 Clients on a discretionary basis.

Tailored Relationships

Investment Policy Statements are created to reflect current stated goals and objectives, which subsequently can be updated as circumstances change. Clients may impose restrictions on investing in certain securities or types of securities. Clients enter into a written Investment Management Agreement that spells out the details of our investment advisory services. The Agreement contains a “mediation” clause as a means of settling possible disputes. The agreements may not be assigned without Client consent.

Financial Planning Engagements

Routine financial planning matters related to investment objectives are discussed with clients at no additional charge to the standard fee-only schedule. Intelligent Investment Management, LLP does not provide planning services for Clients who need more extensive or lengthy written advice.

Asset Management

Equity allocations are invested primarily in closed-end mutual funds and Real Estate Investment Trusts, through discount brokers. Mutual fund companies earn an investment management fee that is disclosed by the fund manager.

Income allocations are invested in bonds, bank certificates of deposit, individual preferred stock issues and other alternative income securities and are purchased or sold through a brokerage account.

Cryptocurrencies

Intelligent Investment Management, LLP, views Cryptocurrencies as speculative and too risky for prudent investors. Although we do not directly invest in this form of currency, some fund managers may have nominal allocations in their funds.

Fees and Compensation

Investment Management Fee

Intelligent Investment Management, LLP bases its fees on a percentage of assets under management, **as follows**:

Standard Fee Schedule: Annual fees, which are generally non-negotiable, are based on a percentage of the market value of all assets in the account on the last trading day of each calendar month, billed quarterly in arrears. The advisory fee will be prorated based on the number of days that the account was

Intelligent Investment Management, LLP
Independent Registered Investment Adviser

Form ADV Part 2A

open during the month. Fees charged to not-for-profit organizations and related parties may be at reduced rates from our standard fee schedule.

An initial one-time charge of \$1,000 is billed upon acceptance of the new client relationship. This charge covers meetings necessary to create an “investment roadmap” which guides financial plans and the types of investments and strategies employed by Intelligent Investment Management, LLP. These meetings review investment goals and objectives, client risk tolerance, existing investment accounts and the income tax implications from the various types of accounts being considered. This charge may be more or less than what is charged by other investment advisors for similar services.

Our Standard Fee Schedule Is:

Regular Client Fee Schedule Assets Under Management:	Annual Fees (Billed Quarterly in arrears)
Account Acceptance Fee (one-time)	\$1,000
Up to \$1,000,000	1.5% (\$2,000 Minimum Fee)
\$1,000,001-2,000,000	\$15,000 + 1.25 % of amounts over \$1,000,000
\$2,000,001-5,000,000	\$27,500 + 1.00% of amounts over \$2,000,000
\$5,000,001 and Over	\$57,500 + 0.75% of amounts over \$5,000,000

Fee Billing

Investment management fees are billed quarterly, **in arrears**, meaning that we invoice Clients **after** the three-month billing period has ended. Fees are deducted from Client accounts to facilitate billing. The Client must consent in advance to direct debiting of their investment account.

The investment advisor has custody of funds solely by having fees directly deducted from the client accounts and has complied with the safeguard requirements provided in the rules and regulations. Specifically, the investment advisor has obtained written authorization to deduct fees and concurrently with the deduction the custodian is invoiced, and the client sent an itemized invoice.

Intelligent Investment Management, LLP
Independent Registered Investment Adviser

Form ADV Part 2A

Other Fees

Custodians can charge a transaction fee on purchases or sales of mutual funds and some individual alternative equity and income issues. These transaction charges are usually small and incidental to the purchase or sale of a security. The selection of the security is generally more important than the nominal fee that the custodian charges to buy or sell the security. Such fees for similar transactions may be available from other custodians at a lower fee. Please refer to the Brokerage Practices Section of this brochure for additional information.

Intelligent Investment Management, LLP, in its sole discretion, may waive its minimum fee and/or charge a lesser investment advisory fee based upon certain criteria (e.g., historical relationship, type of assets, anticipated future additional assets, dollar amounts of assets to be managed, related accounts, account composition, etc.).

Performance-Based Fees

Sharing of Capital Gains

Intelligent Investment Management, LLP does not use a performance-based fee structure because of potential conflict of interest (fees based on a share of capital gains or on capital appreciation of the assets of a client). These fees may create an incentive for the advisor to recommend an investment that may carry a higher degree of risk to the client. However, the nature of asset-based fees allows Intelligent Investment Management, LLP to participate in the long-term growth of the client's assets. This also means that our fees can decline if a client's portfolio declines in value.

Types of Clients

Description

Intelligent Investment Management, LLP generally provides investment advice to individuals, high net worth individuals, families, trusts, partnerships, estates, charitable organizations, corporations and other business entities. Client relationships vary in scope and length of service.

Although Intelligent Investment Management, LLP clients are not required to have a minimum account balance. We do assess a minimum annual fee that is \$2,000 per annum for investment management services, which may affect client relationships/portfolios under \$150,000 less efficient. A typical new client

Intelligent Investment Management, LLP
Independent Registered Investment Adviser

Form ADV Part 2A

relationship often begins at \$200,000 to \$300,000 of invested assets to best take advantage of our diversified portfolio management strategy.

Protection Against Elder Fraud and Abuse

The Older Americans Act of 2006 defines elder financial abuse as “the fraudulent or otherwise illegal, unauthorized, or improper act that uses the resources of an older individual for monetary or personal benefit, or that results in depriving an older individual of rightful access to, or use of benefits, resources, belongings, or assets.

Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

Security analysis methods include fundamental analysis, technical analysis and cyclical analysis.

The main sources of information include financial and professional publications, research materials prepared by financial professionals, corporate rating services, annual reports, prospectuses, filings with the Securities and Exchange Commission and company press releases.

Other sources of information that Intelligent Investment Management, LLP may use include research obtained through its relationship with Charles Schwab & Company, Inc. and Professional seminars and conferences.

Investment Strategies

The primary investment strategy used on client accounts is a broadly diversified strategic asset allocation. Equity portfolios are broadly diversified and include allocations to alternative assets. Income investments typically include a “ladder” of investment grade bonds and bank CDs, convertible bond securities, finance companies and utility company funds. Tactical changes to the asset allocation may be made as market, economic and geo-political situations dictate.

The investment strategy for a specific Client is based upon the goals and objectives stated by the Client and documented in their Investment Policy Statement. The Client may change these objectives at any time.

Risk of Loss

All investment strategies have certain risks called systemic risks that are borne by the Client (Investor). Our investment approach constantly keeps the risk of loss in mind. All investors face the following investment risks, which in many cases are mitigated by our broadly diversified approach:

- **Interest-Rate Risk:** Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less attractive, causing their market values to decline. Accordingly, we generally buy individual investment grade bonds and bank CDs that are held to maturity to protect the principal invested.
- **Market Risk:** The price of a security, bond or mutual fund may drop in reaction to tangible and intangible events and conditions, which may be caused by external factors independent of a security's particular underlying circumstances. For example, geo-political, domestic and international economic and social conditions may trigger market events.
- **Inflation Risk:** When any type of inflation is present, a dollar tomorrow will not buy as much as a dollar today, because purchasing power is eroding at the rate of inflation. Accordingly, each Client's portfolio includes an allocation to Alternative investments, such as real estate, energy or other "hard" assets.
- **Currency Risk:** Overseas investments are subject to fluctuations in the value of the dollar against the currency of the investment's originating country. Also referred to as exchange rate risk.
- **Reinvestment Risk:** This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e. interest rate). This primarily relates to fixed income securities, such as bonds, bank CDs and preferred stocks.
- **Business Risk:** These risks are associated with a particular industry or a particular company within an industry. For example, oil-drilling companies depend on finding oil and then refining it, a lengthy process, before they can generate a profit. They carry a higher risk of profitability than an electric company, which generates its income from a steady stream of customers who buy electricity no matter what the economic environment.
- **Liquidity Risk:** Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in an investment traded on an established market. For example, Treasury Bills are highly liquid, while individually owned real estate properties are

Intelligent Investment Management, LLP
Independent Registered Investment Adviser

Form ADV Part 2A

not. All of our portfolio investments can be liquidated through custodians in the normal course of business.

- **Financial Risk:** Excessive borrowing to finance a business' operations increases the risk of profitability, because the company must meet the terms of its obligations in good times and bad. During periods of financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value.

To minimize the risks inherent from investments in financial market securities, each individual Client's portfolio is broadly diversified including both equity and income investments. In addition, each Client's tolerance for risk is assessed and factored into the determination of the appropriate investment portfolio.

Disciplinary Information

Legal and Disciplinary

Registered investment advisors are required to disclose any legal or disciplinary events that would be material to your evaluation of Intelligent Investment Management, LLP or the integrity of Intelligent Investment Management, LLP and its management. The Firm and its employees have not been involved in any legal or disciplinary events related to past or present investment Clients.

Other Financial Industry Activities and Affiliations

Financial Industry Activities

Intelligent Investment Management, LLP is not registered as a securities broker-dealer, a futures commission merchant, commodity pool operator or commodity trading advisor.

Code of Ethics, Participation or Interest in Client Transactions, Rollover Retirement Plan Assets and Personal Trading

Code of Ethics and Participation or Interest in Client Transactions

Intelligent Investment Management, LLP has adopted a Code of Ethics for all supervised persons of the firm describing its high standard of business

Intelligent Investment Management, LLP
Independent Registered Investment Adviser

Form ADV Part 2A

conduct and fiduciary duty to its Clients. The Code of Ethics includes provisions relating to the confidentiality of Client information, a prohibition on insider trading, restrictions on the acceptance of significant gifts, as well as the reporting of certain gifts and business entertainment items. All supervised persons at Intelligent Investment Management, LLP must acknowledge the terms of the Code of Ethics annually or upon any significant amendments.

Subject to satisfying this policy and applicable laws, officers and employees of Intelligent Investment Management, LLP may trade for their own accounts in securities which are recommended to and/or purchased for its Clients. The Code of Ethics is designed to assure that the personal securities transactions, activities and interests of the employees of Intelligent Investment Management, LLP will not interfere with (i) making decisions in the best interest of advisory Clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts. The Code of Ethics restricts significant trading in close proximity to Client trading activity. Nonetheless, because the Code of Ethics does permit employees to invest in the same securities as Clients, there is a possibility that employees might benefit from market activity by a Client in a security held by an employee. Employee trading is monitored under the Code of Ethics, to reasonably prevent conflicts of interest between Intelligent Investment Management, LLP and its Clients.

Certain affiliated accounts may trade in the same securities with Client accounts on an aggregated basis when consistent with Intelligent Investment Management's obligation of best execution. In such circumstances, the affiliated and Client accounts will receive securities at a total average price.

Intelligent Investment Management's Clients or prospective Clients may request a copy of the firm's Code of Ethics by contacting James Brost (jbrost@intelligentim.com).

Rollover Retirement Plan Assets

Intelligent Investment Management, LLP has Policies intended to meet The Impartial Conduct Standards of the regulators, which require that a fiduciary meet the following conditions relevant to ERISA plans and IRAs:

- Provide prudent investment advice.
- Charge only reasonable compensation.
- Avoid misleading statements.

Intelligent Investment Management, LLP
Independent Registered Investment Adviser

Form ADV Part 2A

Intelligent Investment Management, LLP will review the following with clients when making recommendations regarding the rollover of Retirement Plan assets to an Individual Retirement Account (IRA):

- The retirement investor's alternatives to a rollover, "including leaving the money in the investor's employer's plan, if permitted;"
- A comparison of the fees and expenses associated with both the plan and the IRA to the extent practicable.
- Determining whether the employer pays for some or all of the plan's administrative expenses to the extent practicable.
- A comparison of the levels of service and investments available under each option

Intelligent Investment Management, LLP as a fiduciary, maintains that there are material benefits to rolling over a qualified company plan or IRA assets to be managed by Intelligent Investment Management, LLP.

Personal Trading

The Chief Compliance Officer of Intelligent Investment Management, LLP is James Brost. He reviews all employee trades each quarter. The personal trading reviews ensure that the personal trading done for employees does not affect the markets and may not be made in a manner which might impact the Client. Since most employee trades are relatively small mutual fund trades, the trades do not affect the securities markets.

Brokerage Practices

Selecting Brokerage Firms and Soft Dollars

Intelligent Investment Management, LLP participates in the institutional customer program offered by Charles Schwab & Company, Inc. Charles Schwab & Company, Inc offers to independent investment advisors services, which include custody of securities, trade execution, clearance, and settlement of transactions. Intelligent Investment Management, LLP receives some benefits from Charles Schwab & Company, Inc through its participation in the program.

Intelligent Investment Management, LLP recommends Charles Schwab & Company, Inc to Clients for custody and brokerage services. There is no direct link between Intelligent Investment Management's participation in the program and the investment advice it gives to its Clients, although Intelligent Investment Management, LLP receives economic benefits through its

Intelligent Investment Management, LLP
Independent Registered Investment Adviser

Form ADV Part 2A

participation in the program that are typically not available to Charles Schwab & Company, Inc retail investors.

These benefits include the following products and services (provided without cost or at a discount): duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving advisor participants; access to block trading; the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to some mutual funds with no transaction fees; and discounts on compliance, marketing, research, technology and practice management products or services provided to Intelligent Investment Management, LLP by third party vendors. All of these services provide an inherent economic benefit to Intelligent Investment Management, LLP that does not directly benefit the Client but enhances the services we provide.

These products or services assist Intelligent Investment Management, LLP in managing and administering Client accounts. The benefits received by Intelligent Investment Management, LLP (or its personnel) through participation in the program do not depend on the amount of brokerage transactions directed to Charles Schwab & Company, Inc. Clients should be aware, however, that the receipt of economic benefits by Intelligent Investment Management, LLP or its related persons in and of itself creates a conflict of interest and can indirectly influence Intelligent Investment Management's choice or recommendation of Charles Schwab & Company, Inc for custody and brokerage services.

As required by Section 28(e), of the Securities Exchange Act of 1934 Intelligent Investment Management, LLP will make a good faith determination that the amount of commission or any fees paid is reasonable in relation to the value of the brokerage and research services provided. Before selecting a particular broker, we generally consider factors described above and that any compensation to be paid to Charles Schwab & Co., Inc. is reasonable in relation to the value of all the brokerage and research products and services provided by Charles Schwab & Co., Inc., Inc as well as we consider the value of those services in our performance of our overall responsibilities to all of our Clients. In some cases, the commissions or other transaction fees charged by a particular broker-dealer for a particular transaction or set of transactions may be greater than the amounts another broker-dealer who did not provide research services might charge. Intelligent Investment Management, LLP **does not** receive fees or commissions from any of these arrangements.

Intelligent Investment Management, LLP
Independent Registered Investment Adviser

Form ADV Part 2A

The following points address direct disclosure requirements not otherwise described above:

Intelligent Investment Management, LLP does not participate in brokerage client referrals programs or pay for referrals.

Intelligent Investment Management, LLP does not permit client-directed brokerage.

Intelligent Investment Management, LLP may aggregate trades when doing so is advantageous to our clients. In these cases, we will batch client transaction orders and ask the broker to trade them in a block account to obtain more uniform pricing across client accounts. After execution block trade transactions will be averaged based on price and will be allocated among our clients based on the trades originally requested and submitted to the broker.

Best Execution

Intelligent Investment Management, LLP reviews the execution of trades each quarter. The review is documented in the Intelligent Investment Management, LLP compliance files.

Review of Accounts

Periodic Reviews

Account reviews are regularly performed by advisors James Brost and G. Stephen Wheeldon to determine rebalancing of portfolio positions to meet Client goals and to provide cash for client needs. These reviews are performed more frequently when market conditions dictate. Accounts are rebalanced in accordance with each Client's Investment Policy Statement.

Review Triggers

Other factors that would trigger a review include, but are not limited to account cash flows, significant changes in Client circumstances, significant changes in financial markets, Client request, changes in tax law or other important changes.

Client Referrals and Other Compensation

Incoming Referrals

Intelligent Investment Management, LLP has been fortunate to receive many Client referrals over the years. The referrals come from current Clients, estate planning attorneys, accountants, bankers, employees, personal friends of employees and other similar sources. The Firm does not compensate referring parties for these referrals.

Referrals Out

Intelligent Investment Management, LLP does not accept referral fees or any form of remuneration from other professionals when a prospect or Client is referred to them.

Custody

Account Statements

All assets are held at a qualified custodian, which means the custodian provides account statements directly to Clients at their address of record or through electronic means on a monthly basis. The reports include a list of all securities and cash equivalents held in the portfolio, their market value as of the last day of the month and all trade activity for that month. Clients should carefully review their statements and contact either the custodian or Intelligent Investment Management, LLP if there are any questions.

Performance Reports

Clients are urged to compare the account statements received directly from their custodians to the quarterly performance report statements provided by Intelligent Investment Management, LLP. Please contact us immediately if you find any discrepancies or have any questions.

Standing Letter of Authorization

It is the practice of Intelligent Investment Management, LLP to not take custody of client funds and to use processes that protect our Clients. We take steps to ensure that standing instructions including wire, electronic and check distributions are controlled by the written instructions of the client and not by Intelligent Investment Management, LLP.

Intelligent Investment Management, LLP
Independent Registered Investment Adviser

Form ADV Part 2A

Investment Discretion

Discretionary Authority for Trading

Intelligent Investment Management, LLP accepts discretionary authority to manage securities accounts on behalf of Clients. Intelligent Investment Management, LLP has the authority to determine, without obtaining specific Client consent, the securities to be bought or sold. Clients can (but generally do not) impose limitations on our discretionary authority.

The Client approves the custodian to be used and that custodian's commission rates.

Discretionary trading authority facilitates placing trades in Client accounts on their behalf so that Intelligent Investment Management, LLP may promptly implement and maintain the Investment Policy Statement that the Client has approved in writing.

Limited Power of Attorney

A limited power of attorney is a trading authorization for discretionary trading. Each Client signs a limited power of attorney with the broker/custodian so that Intelligent Investment Management, LLP may execute the discretionary trades in accordance with the Investment Policy Statement.

Voting Client Securities

Proxy Votes

Unless the Client designates otherwise, Intelligent Investment Management, LLP votes proxies for which it maintains discretionary authority consistent with its proxy voting policy. We do not vote proxies for individual company stocks that are held in Client accounts unless we are instructed to do so by the Client. A copy of Intelligent Investment Management, LLP's proxy voting policy and our voting record is available upon request by contacting our office.

Clients are permitted to place reasonable restrictions on Intelligent Investment Management, LLP's voting authority, and may do so by contacting James Brost at the Firm's business telephone number, (970) 403-1234.

Intelligent Investment Management, LLP
Independent Registered Investment Adviser

Form ADV Part 2A

Financial Information

Financial Condition

Intelligent Investment Management, LLP is committed to maintaining adequate levels of capital and borrowing capacity to operate for the benefit of our clients. We have “stress-tested” our capital requirements and believe that we can operate without impairment for the foreseeable future.

Intelligent Investment Management, LLP does not have any financial impairment that will preclude the Firm from meeting contractual commitments to Clients and has not been the subject of bankruptcy proceedings.

A balance sheet is not required to be provided because Intelligent Investment Management, LLP does not serve as a custodian for Client funds or securities and does not require prepayment of fees in any amount. Pursuant to the rules and regulations of the Colorado Securities Act, Intelligent Investment Management does not have custody of client funds solely by having fees directly deducted from the client accounts and has complied with the safeguard requirements provided in the Colorado rules and regulations.

Business Continuity Plan

General

Intelligent Investment Management, LLP and third-party vendors that provide critical services to us have Business Continuity Plans in place that provide steps to mitigate and recover from significant business disruptions. If after a significant business disruption, you cannot contact us as you usually do, you can call either James Brost directly at 970-749-1761 or G. Stephen Wheeldon at 970-749-1125.

Disasters

Intelligent Investment Management’s Business Continuity and Disaster Recovery Plans cover natural disasters such as snowstorms, flooding, earthquakes and Pandemics. The Plans cover man-made disasters such as loss of electrical power, fire, bomb threat, communication outage and Internet outage. Our electronic files are backed up daily and archived offsite.

Alternate Offices

Alternate offices are identified to support ongoing operations in the event the main office is unavailable. It is our intention to contact all Clients within five

Intelligent Investment Management, LLP
Independent Registered Investment Adviser

Form ADV Part 2A

days of a disaster that dictates moving our office to an alternate location. For the safety of clients and our staff, and in accordance with local public health orders, members of our Firm have an established “work-at-home” offices to allow off site working options and to continue working uninterrupted during times of disasters.

Loss of Key Personnel

Intelligent Investment Management, LLP employs two advisors who are familiar with all Clients of the firm, so that in the event of a serious disability or death of one advisor, all Clients will continue to be served on an uninterrupted basis. In addition, business critical operations are supervised by a partner who can fill in, as needed, to maintain daily business activities.

Custodian of Client Accounts

The custodian Charles Schwab, of all client accounts are among the largest in the business. They have the resources available to ensure that any disruptions are handled timely and efficiently.

Information Security Program

Information Security

Intelligent Investment Management, LLP maintains an information security program to reduce the risk that your personal and confidential information may be breached. We monitor these processes within industry best practices and have additional processes in place in the event of a breach to limit and protect client information.

Cyber-Security

Intelligent Investment Management maintains a cyber security insurance policy. We review our cyber security policies on an ongoing basis. We have a third-party auditor review our security practices and evaluate potential threat concerns on a regular basis, these include maintaining firewalls and email filters, penetration testing and enhanced backup of data.

Intelligent Investment Management, LLP
Independent Registered Investment Adviser

Form ADV Part 2A

Anti-Money Laundering

In accordance with the Patriot Act of 2001, it is the policy of Intelligent Investment Management, LLP to seek to prevent the misuse of the funds it manages. We also take measures to prevent the misuse of its personnel and facilities for the purpose of money laundering and terrorist financing. We have adopted and enforce policies, procedures and controls with the objective of detecting and deterring the occurrence of money laundering, terrorist financing and other illegal activity.

Privacy Notice

Intelligent Investment Management, LLP maintains a commitment to confidentiality and privacy of client information. We are committed and bound to do so as a matter of trust between clients and the employees of Intelligent Investment Management, LLP. Intelligent Investment Management, LLP will handle and maintain confidential personal information as we fulfill our obligations to protect our Client's privacy. By engaging Intelligent Investment Management, LLP to provide investment management services on our Clients' behalf, the Client gives their consent to the collection and use of such information. Additional privacy information may be obtained by reviewing our complete Privacy Policy provided to Clients annually and made available upon request.

Professional Certifications

Advisors have earned certifications and credentials that are required to be explained in further detail.

Certified Financial Planner[™] (CFP[®]): Certified Financial Planner[™] professionals are licensed by the CFP[®] Board to use the CFP[®] mark. CFP[®] certification requirements include a bachelor's degree from an accredited college or university, completion of the financial planning education requirements set by the CFP[®] Board (www.cfp.net) and successful completion of the 10-hour CFP[®] Certification Exam. CFP[®] professionals must also have a minimum of three years qualifying full-time work experience and must successfully pass the Candidate Fitness Standards and background check. To maintain the license, a CFP[®] professional must complete 30 hours of continuing professional education (CPE) every two years.

Accredited Portfolio Management AdvisorSM (APMA[®]): Individuals who hold the APMA[®] designation have completed a course of study encompassing client assessment and suitability, risk/return, investment objectives, bond and equity portfolios, modern portfolio theory and investor psychology. Students have hands-on practice in analyzing investment policy statements, building portfolios and making asset allocation decisions including sell, hold and buy decisions within a client's portfolio. Additionally, individuals must pass an end-of-course examination that tests their ability to synthesize complex concepts and apply theoretical concepts to real-life situations. All designees have agreed to adhere to Standards of Professional Conduct and are subject to a disciplinary process. Designees renew their designation every two years by completing 16 hours of continuing education, reaffirming adherence to the Standards of Professional Conduct and complying with self-disclosure requirements.

Accredited Wealth Management AdvisorSM (AWMA[®]): Individuals who hold the AWMA[®] designation have completed a course of study encompassing wealth strategies, equity-based compensation plans, tax reduction alternatives and asset protection alternatives. Additionally, individuals must pass an end-of-course examination that tests their ability to

synthesize complex concepts and apply theoretical concepts to real-life situations. All designees have agreed to adhere to Standards of Professional Conduct and are subject to a disciplinary process. Designees renew their designation every two years by completing 16 hours of continuing education, reaffirming adherence to the Standards of Professional Conduct and complying with self-disclosure requirements.

Foundations in Financial PlanningSM (FPQP®):

Individuals who hold the FPQP® designation have completed a course of study encompassing the foundations of the financial planning process. Designees renew their designation every two-years by completing 12 hours of continuing education, reaffirming adherence to the Standards of Professional Conduct and complying with self-disclosure requirements.
