**P/E (1 Yr Fwd) is the ratio of a stock's price to forecasted earnings over the next year. Earnings growth is the forecasted growth rate of a company's earnings over the next 3-5 years. PEG Ratio represents the ratio of P/E over Earnings Growth rate, and is a widely used valuation metric. ROE-Five Year Average is calculated as a company's net income divided by its shareholders' equity, and is a measure of profitability. Long-Term Debt/Capital is a measure of how much debt a company is using to finance its operations, and is determined by dividing long-term debt by total capitalization. Forecasted data is sourced from FactSet Research Systems and represents the average of sell-side analyst forecasts.

***These are expenses that you pay each year as a percentage of the value of your investments. Conestoga Capital Advisors, LLC (the Adviser) has contractually agreed to limit the Fund's net annual operating expenses to 0.90% of the Fund's average daily net assets until at least January 31, 2022, subject to termination at anytime at the option of the Fund's Board. There is no guarantee that the agreement to limit the Fund's net annual operating expense will be renewed or extended.

Fund Objective

The Fund seeks to provide long-term growth of capital.

Fund Investment Approach

The Fund strives to generate long-term investment returns favorable to its benchmarks with lower risk. The Fund typically holds 45-50 small capitalization stocks that the investment team believes are attractively valued relative to their growth prospects. Conestoga seeks companies which we believe have sustainable earnings growth rates, high returns on equity, low debt levels, and capable management teams.

Portfolio Management Team

Co-managed by Robert M. Mitchell and Joseph F. Monahan, CFA, both of whom are Managing Partners of Conestoga Capital Advisors LLC. The team is supported with research from David Neiderer, CFA, CPA, Larry Carlin, CFA, Derek Johnston, CFA, Ted Chang, CFA, and John Schipper.

An investor should consider investment objectives, risks, charges, and expenses carefully before investing. Download a prospectus, which contains this information or call toll free 1-800-494-2755. Read the prospectus carefully before investing or sending money.

Mutual Fund Investing involves risk, principal loss is possible. Investment in the Fund is subject to investment risks, including, without limitation, equity risk, market risk, management risk, small company risk, foreign investment risk, currency risk, large redemption risk. Funds that invest in small and mid cap stocks are often more volatile than large cap stocks. Smaller companies generally face higher risks due to their limited product lines, markets and financial resources. For more information about the Fund, including the Fund's objectives, charges, expenses and risks (including more information about the risks listed above), please read the prospectus.

Important Risk Information:

⁽¹⁾ The Fund has adopted a Shareholder Servicing Plan on behalf of the Institutional Class shares that will allow the Fund to pay an annual fee of up to 0.10% of its average daily net assets for providing services to the Fund's Institutional Class shareholders.
