Why Do You Need Disability Insurance?

Your most important asset is not your home, your car, your jewelry, or other material possessions. It's your ability to earn a living. All of your plans for the future - buying a home, putting your kids through college, building a retirement nest egg, etc. - are based on the assumption you will continue to earn a paycheck until you retire. What could happen if those paychecks stopped? That's where disability insurance comes in.

Voluntary disability insurance from Standard Insurance Company (The Standard) is designed to assist you and your family in the event that you are unable to work due to a covered illness or injury. The plan is payroll-deducted and available on a guaranteed issue basis (no medical exam or health questions required) to new employees or during open enrollments for your university, administered by Gabor.

The Risk of Disability

The risk of disability may be greater than you think.

RECENT STATISTICS* HAVE SHOWN:

Just over 1 in 4 of today's 20-year-olds will become disabled before they retire.

The average group long-term disability claim lasts 34.6 months.

1 in 8 workers will be disabled for five years or more during their working careers.

* Disability Statistics can be found via the Council for Disability Awareness at www.disabilitycanhappen.org

What Does Disability Insurance Provide?

The benefits highlights are described below:

- 60% of the first \$25,000 of your monthly pre-disability earnings, reduced by deductible income.
- The maximum monthly benefit is \$15,000.
- The minimum monthly benefit is the greater of \$100, or 10% of your LTD benefit before reduction by deductible income.
- Benefits pay from the end of the elimination period until Social Security Normal Retirement Age (SSNRA), as long as you meet the definition of disability as specified in the policy. If you become disabled after age 65, benefits are paid according to the information found in the "How Long Can LTD Benefits Continue?" section.

What Are Some of the Features of this Coverage?

ANNUITY CONTRIBUTION BENEFIT:

Pays a benefit after 9 months of disability equal to 11% of your pre-disability earnings, not to exceed \$2,750 for an annuity. The minimum benefit is \$50 per month. Upon qualification for the monthly annuity contribution benefit, a lump-sum payment equal to 9 times the monthly annuity benefit is paid as a catch up.

COST OF LIVING ADJUSTMENT BENEFIT:

After disability benefits have been paid for a year, the benefit will be increased annually up to a maximum of 2% per year for five years.

ASSISTED LIVING BENEFIT:

Paid in addition to the LTD benefit, income replacement is increased to an additional 20% of pre-disability earnings, not to exceed a maximum of \$5,000 for employees with severe disabilities. The benefit is available when suffering one of the severe disabilities described below and when the condition is expected to last 90 days or more:

You are unable to safely and completely perform two or more Activities of Daily Living (bathing, continence, dressing, eating, toileting and transferring) without assistance

OR

You require substantial supervision for health or safety due to severe cognitive impairment

The additional benefits paid under the Assisted Living Benefit are not reduced by deductible income.

**LIFETIME SECURITY BENEFIT:**

You are unable to safely and completely perform two or more Activities of Daily Living (bathing, continence, dressing, eating, toileting and transferring) without assistance

OR

Group Insurance Certificate

If you become insured, you can go online to download and print a group insurance certificate containing a detailed description of the insurance coverage. The information presented above is controlled by the group policy and does not modify it in any way. The controlling provisions are in the group policy issued by The Standard. Your coverage will become effective on the first day of the calendar month following the date of your application, provided the required premium contribution has been made for that month and you are actively at work. Actively at work will include regularly scheduled days off, holidays, or vacation days, so long as you are capable of active work on those days.

Under this plan you may choose one of two options:

The 30-day Plan

The 30-day plan begins paying benefits after 30 days. The first 60 days of benefits are paid on a weekly basis. Following 60 days of benefits, beginning on day 90, benefits are paid on a monthly basis.

The 90-day Plan

The 90-day plan begins paying benefits on a monthly basis after 90 days.
