

*Congratulations Kimberly Huff - September/  
October 2015 Moments of Integrity recipient.*

Eighteen-year-old college student, Kimberly Huff is the epitome of an all around good person. Kimberly recently has gone to Nicaragua on a mission trip with a few members from her church to help improve the lives of those who are less fortunate. She helped with the ministry in Nicaragua, and after a month of being there she says that it has "humbled" her. Kimberly also helped feed those who needed a nice meal. She told me that this year they set a record and served over 20,000 meals. Kimberly says she feels "blessed to have everything she has".

Kimberly will be attending Arkansas Tech where she will have the chance to play volleyball with her sister. Kimberly has received two scholarships, one for academics, and the other for athletics. She looks forward to playing volleyball at the collegiate level. Kimberly is not sure what exactly she wants to major in, but is keeping an open mind towards what it is she wants to do. Kimberly is an amazing person and has a bright future ahead of her. She is the kind of person most people wish to be. Good luck on all of your future adventures.

MOMENTS *of* INTEGRITY
