FORM CRS - Form ADV Part 3

Hedeker Wealth, LLC is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: **Portfolio Management Services and Mutual Fund Advisory Services. We are also a sponsor and manager of a Wrap Fee Program.** For a description of each service listed above, refer to our Form ADV Part 2A Disclosure Brochure Items 4, 7, 13 and 16 and our Appendix 1 Items 4 and 5 by clicking the following link <https://adviserinfo.sec.gov/firm/brochure/124341>.

Investment Authority: We manage investment accounts on a discretionary basis whereby we will decide which investments to buy or sell for your account. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing. We also offer non-discretionary investment management services whereby we will provide advice, but you will ultimately decide which investments to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Investment Offerings: We provide advice on various types of investments. Our services are not limited to a specific type of investment or product.

Account Minimums and Requirements: In general, we require a minimum account size of \$500,000 to open and maintain an advisory account, which may be waived in our discretion.

Key Questions to Ask Your Financial Professional

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

What fees will I pay?

The following summarizes the principal fees and costs associated with engaging our firm for investment advisory services. For detailed information, refer to our Form ADV Part 2A, Items 5 and 6 and Form ADV Part 2 Appendix 1 item 4 by clicking this link <https://adviserinfo.sec.gov/firm/brochure/124341>.

- **Asset Based Fees** - Payable quarterly in advance. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict especially for those accounts holding illiquid or hard-to-value assets;
- **Wrap Program Fees** - Payable quarterly in advance, based on the value of the account on the last day of the previous quarter. Asset-based fees associated with a wrap fee program generally include most transaction costs and fees to a broker-dealer or bank that has custody of the assets; therefore, the asset-based fee is higher than a typical asset-based advisory fee. Since our firm pays the transaction costs associated with securities transactions in your account, we have an incentive to minimize the trading in your account;
- Clients may also pay additional fees and/or expenses. Common fees and costs applicable to our clients are: Custodian fees; Account maintenance fees; mutual fund and ETF fees; Transaction charges when purchasing or selling securities; and other product-level fees associated with your investments.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Key Questions to Ask Your Financial Professional

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- *Third-Party Payments*: Persons providing investment advice on behalf of our firm are licensed as independent insurance agents. These persons will earn commission-based compensation for selling insurance products. Insurance commissions are separate and in addition to our advisory fees. This practice presents a conflict of interest because they have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs.
- Legal and accounting services are offered through entities affiliated with our firm. Dean R. Hedeker, Principal/Chief Compliance Officer of our firm is the owner of Hedeker Law Ltd. a law Firm specializing in Estate Planning, Tax, and Trust law. Fees and services will be separate and distinct from advisory fees and services offered through our firm. You are under no obligation to utilize the services offered by Mr. Hedeker through any affiliated entity.
- We may recommend investments in the Hedeker Strategic Appreciation Fund ("Fund") for client accounts. We receive fees from both the Hedeker Strategic Appreciation Fund and fees for Portfolio Management Services, thus we have a financial incentive to invest client assets in the Fund or to recommend that clients invest in the Fund. However, the advisory fee for our Portfolio Management Services will be offset by the fees we receive for managing the Fund assets held in your portfolio by the amount of the management fee paid to the Fund. Thus you do not pay two fees.

How do your financial professionals make money?

Our Company and the financial professional servicing your account(s) are compensated by Salary and bonus. Financial professionals' compensation is based on the revenue the firm earns from the person's services or recommendations.

Refer to our Form ADV Part 2A and Form ADV Part 2 Appendix 1 Brochures by clicking this link <https://adviserinfo.sec.gov/firm/brochure/124341> to help you understand what conflicts exist.
