

Introduction

Our firm, Altman Advisors, is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about investment advisers, broker-dealers, and investing.

What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services for an ongoing asset-based fee. Our advisory services available to retail investors are limited to our Wrap Family Office and Wrap Asset Management services. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, goals, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is monitored at least quarterly, and if necessary, rebalanced to meet your changing needs, stated goals and objectives. We'll offer you advice on a regular basis and contact you at least annually to discuss your portfolio.

Financial planning is included in our Wrap Family Office service for no additional fee. Financial planning is also offered as a separate service for an additional flat or hourly fee for clients enrolled in our Wrap Asset Management service.

We manage accounts on a discretionary basis. After you sign an agreement with our firm, we're allowed to buy and sell investments in your account without asking you in advance. Any limitations will be described in the signed advisory agreement. We will have discretion until the advisory agreement is terminated by you or our firm. We do not restrict our advice to limited types of products or investments. Our firm requires a minimum household balance of \$5,000,000 to qualify for our Wrap Family Office service.

Additional information about our advisory services is located in Item 4 of our Firm Brochure and Item 5 of our Wrap Brochure, which are available online at <https://adviserinfo.sec.gov/firm/summary/281778>.

What fees will I pay?

You will be charged an ongoing quarterly fee based on the value of the investments in your account. Our annual fees range from 0.50% to 1.50%. Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account. In rare cases, our firm will agree to send you invoices rather than automatically deduct our firm's fees from your advisory account.

Our maximum flat fee is \$25,000 or maximum hourly rate is \$500 for our Financial Planning & Consulting service. We may charge an upfront retainer when you sign an agreement with the remainder due when we provide a financial plan or consultation.

The broker-dealer that holds your assets charges transaction fee when we buy or sell certain investment products for you. Since we pay the broker-dealer's transaction fees charged for our Wrap Family Office and Wrap Asset Management clients, the fees for our wrap fee programs are therefore higher than a typical asset management fee. You may also pay charges imposed by the broker-dealer holding your accounts for certain private placement investments or transferring assets out. Some investments, such as mutual funds, exchange traded funds, and variable annuities, charge additional fees that will reduce the value of your investments over time. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Additional information about our fees is located in Item 5 of our Firm Brochure and Item 4 of our Wrap Brochure, which are available online at <https://adviserinfo.sec.gov/firm/summary/281778>.

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:

Representatives of our firm are licensed insurance agents with our affiliated insurance company, Altman Advisors, Inc. As a result of these transactions, they receive normal and customary commissions. A conflict of interest exists as these commissionable sales create an incentive to recommend products based on the compensation earned. To mitigate this potential conflict, our firm will act in the client's best interest to save money on premium versus paying premiums to an insurance company, and only recommends insurance solutions when our financial planning software determines a need.

Additional information about our conflicts of interest is located in Item 10 & 12 of our Firm Brochure and Item 9 of our Wrap Brochure, which are available online at <https://adviserinfo.sec.gov/firm/summary/281778>.

How do your financial professionals make money?

Our financial professionals are compensated based on the revenue our firm earns from their advisory services or recommendations, the amount of client assets they service, and the time and complexity required to meet a client's needs. In addition, they are compensated via product sales commissions in their capacities as insurance agents described in the preceding section.

Do you or your financial professionals have legal or disciplinary history?

No, our firm and financial professionals have no legal or disciplinary history to disclose. Visit Investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.
