MONECO Adds TJ Hickey To Its Growing Team of Financial Planners

FAIRFIELD, Conn., March 11, 2024 - MONECO Advisors, LLC (monecoadvisors.com), recently announced that Timothy "TJ" Hickey has joined the team as Partner, bringing the total number of partners at the firm to twenty. TJ brings with him a decade of experience in the financial services industry.

TJ graduated from Wheaton College (MA) with a degree in economics, where he was also a member of the baseball team. After graduation, he began his career at the Chicago Board Options Exchange, working for a proprietary trading firm who specialized in agricultural commodities products. After spending a few years at the CBOE, he knew that he was destined for something bigger.

A long-time student of financial markets and the human psyche, he eventually found his passion in the world of financial planning. It was the perfect reason to start his practice and make his way back home to Connecticut. In 2021, he obtained the CERTIFIED FINANCIAL PLANNER™ designation, which served to further his commitment and knowledge in the world of financial planning.

"What eventually lead me to the team at MONECO Advisors, was truly the collaborative nature in everything they do and their core value of client first always," said TJ. "The entire firm has an open-door policy when it comes to working through the ever-increasing complex financial challenges that face clients today. If I have questions regarding a specific client situation, the entire team is always willing to step in to assist and share guidance. I could not be more thrilled for this next chapter in my career and for my clients."
