The Annual Thomas College Lunder Scholars Golf Invitational was held Friday, September 13, 2019. This year, the weather was outstanding, while the team made up of Thomas alumni did not place in the top standings – the true winners were the students who will benefit from the scholarships provided by this tournament. This year a total of \$130,000 was raised to provide funds to students who might not otherwise be able to attend college. “We are very proud to sponsor this tournament and further the dreams of our youth in pursuing a college degree,” said Bert Languet of Golden Pond Wealth. Thanks to the extraordinary generosity of Peter and Paula Lunder and the tournament sponsors, The Lunder Scholars Golf Invitational support has generated more than \$400,000 through 217 scholarships to Maine students since 2002.
