Item 3. Disciplinary Information

Scott Livingston has not been involved in any legal or disciplinary events that are material to a client's evaluation of their integrity.

Additional information regarding Scott Livingston can also be found anytime by visiting FINRA's website at <http://www.finra.org/Investors/ToolsCalculators/BrokerCheck/>

Item 4. Other Business Activities

Since Oct. 1992	Scott E. Livingston	Non-Variable Insurance
Bothell, WA		
Since Jan 2007	5 POINT Financial Group, Inc	DBA Name for Marketing Purposes Only
Bothell, WA		

Scott Livingston is also associated with United Planners Financial Services of America (United Planners) as a registered representative. United Planners is a registered broker-dealer and a member of the Financial Industry Regulatory Authority (FINRA). As a United Planners registered representative, Scott Livingston may offer clients the option to purchase securities and investment products distributed by that firm including, but not limited to, mutual funds, variable annuities, variable life insurance, stocks and bonds, and limited partnerships. If a client purchases or sells securities products from Scott Livingston in this capacity, then

they will receive commissions and related compensation, such as mutual fund service fees (12b-1 fees). This poses a conflict of interest, as their receipt of compensation from such recommendations can give them an incentive to recommend investment products based on the compensation received, rather than on the needs of the client.

Scott Livingston is also a licensed insurance agent appointed with various insurance companies. As a licensed insurance agent, the IAR may offer investment advisory clients the option to purchase insurance products. If a client purchases insurance products through the IAR, they will receive commission and related compensation, such as insurance trail fees as a result of the sale. This is a conflict of interest, as his receipt of compensation from such recommendations can give Scott Livingston an incentive to recommend investment products based on the compensation received, rather than on the needs of the client.

United Planners is a Limited Partnership in which Scott Livingston is also a limited partner. Limited partners receive a percentage of United Planners' net profit on an annual basis. This presents a potential conflict between the interests of Scott Livingston and the client because limited partners may recommend products or services that produce more revenue for the firm and thus increase their annual profit distribution.

Scott Livingston makes every effort to recommend securities and insurance products that are most appropriate for the client, without consideration of compensation arrangements. Further, should clients elect to implement financial planning recommendations through Scott Livingston, IAR and United Planners may waive or reduce the amount of the client's advisory fee as a result of the additional fees and/or commissions being earned. Any adjustment to the financial planning fee is at the discretion of United Planners and will be disclosed to the client prior to implementing transactions. Finally, clients are under no obligation to purchase recommended securities or insurance products through United Planners or Scott Livingston and may purchase such products through the broker-dealer or insurance agency of their choice.

Item 5. Additional Compensation

Scott Livingston receives commissions and other compensation from his affiliation with United Planners and insurance activities, as disclosed above in Item 4 above.

Additionally:

Scott Livingston has received a non-forgivable loan of \$30,000.00 from United Planners Financial Services of America ("United Planners") in order to assist him with transitioning his business from his former broker-dealer to United Planners. The loan of \$30,000.00 is required to be paid back through his participation of partnership profits. Partnership profits vary depending on the profitability of United Planners. To be eligible to participate in partnership profits, office must maintain production of at least \$250,000 annually. To the extent Scott Livingston recommends you to use United Planners for such services, it is because Scott Livingston believes that it is in your best interest to do so based on the quality of the execution, benefits of an integrated platform for brokerage and advisory accounts, and other services provided by United Planners.

To the extent Scott Livingston recommends you to use United Planners for such services, it is because Scott Livingston believes that it is in your best interest to do so based on the quality of the execution, benefits of an integrated platform for brokerage and advisory accounts, and other services provided by United Planners.
