Higher education pays

A college diploma opens the door to a lifetime of higher earnings.

## Average annual earnings

by highest educational degree ${ }^{1}$

## College pays for itself <br> \$38,930

extra income for an average bachelor's degree holder in just one year, enough to pay for three semesters of current in-state public college costs. ${ }^{2}$

[^1]
## "Major" differences in salaries

Choice of college major has a significant impact on a graduate's starting salary.

## Average yearly starting salary

by college major for the class of $2022^{1}$

## A key consideration

Weigh future job earnings against college costs when deciding which school to attend and how much to borrow.

62\%
of families don't discuss starting salaries. ${ }^{2}$

[^2]
## More education, less unemployment

College graduates enjoy much better job security and opportunity, especially during economic downturns.

Unemployment rates by education level
as of October 2023

Source: U.S. Bureau of Labor Statistics. Unemployment rates shown are for civilians aged 25 and older. Data current as of 10/31/23.

## Tuition inflation

College tuition costs have increased much faster than any other household expense in recent decades.

College tuition vs. other expenses
Cumulative percentage price change since 1983

Source: BLS, Consumer Price Index, J.P. Morgan Asset Management. Data represent cumulative percentage price change from 12/31/82 to 12/31/23.

## Future four-year college costs

The younger the child, the more college is likely to cost. Add up four years per child, and it equals one of a family's largest expenses.
Projected cost of a four-year college education

Source: J.P. Morgan Asset Management, using College Board's Trends in College Pricing and Student Aid 2023. Future college costs estimated to inflate 5\% per year, based on average tuition, fees, and room and board for 2023-24.

## The community college option

Some students choose to attend two years of community college before transferring to four-year universities.

Projected four-year costs with and without community college
based on child's current age

[^3]
## Preparing for more than four years

Most students take more than four years to earn degrees, which increases total college costs.

The high price of not graduating on time
Total projected in-state public college costs for first-year student ${ }^{1}$

1. J.P. Morgan Asset Management, using College Board's Trends in College Pricing and Student Aid 2023. Future college costs estimated to inflate 5\% per year. Average tuition, fees, and room and board for public college reflect four-year, in-state charges.
2. U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS), as of February 2023. Data reflect graduation rates from first institution attended for first-time, full-time bachelor's degree-seeking students at four-year colleges.

College costs continue to rise while financial aid has declined - leaving families to pay more of the expenses.

College costs ${ }^{1}$
(four-year in-state public university)

Total financial aid ${ }^{2}$
(in billions, for undergraduate students)

## Result: Families are paying more

Families now pay 50\% of college costs from their income and investments, up from $38 \% 10$ years ago. ${ }^{3}$

1. College Board, Trends in College Pricing, 2012, 2014, 2016, 2018, 2020 and 2022. Based on average tuition, fees, and room and board at an in-state, four-year university.
2. College Board, Trends in Student Aid, 2013, 2015, 2017, 2019, 2021 and 2023. Includes federal, state, institutional and private grants as well as federal work-study, tax benefits, veterans' benefits and loans.
3. Sallie Mae, How America Pays for College, 2014 and 2023. Remaining college costs paid with loans, grants, scholarships and family gifts.

## Financial aid reality check

Free grants and scholarships normally pay only a small portion of college costs, and many families don't qualify.

Grant reality 2022-23 (need-based) ${ }^{1}$

Scholarship reality 2022-23 (merit-based) ${ }^{1}$

```
61% Percentage of families receiving scholarships

Percentage of total costs paid by scholarships

## Average amount: \$7,822

## 23\%

## 14\%

## Will we get a Federal Pell Grant?

It depends on your income, marital status and family size. Example: Two-parent households with two kids qualify for a full Pell Grant only if their income is $\$ 48,563$ or lower. ${ }^{2}$

## Few free rides

0.3\%
of college students receive enough grants and scholarships to cover all costs. ${ }^{3}$

1. Sallie Mae, How America Pays for College, 2023.
2. Congressional Research Service, The FAFSA Simplification Act, August 2022. For dependent, full-time students in the $2024-25$ school year, based on 2022 federal poverty guidelines. Families may also qualify for maximum Federal Pell Grants based on other criteria.
3. Mark Kantrowitz, National Postsecondary Student Aid Study from the National Center for Education Statistics. Based on full-time students at four-year colleges.

## The facts about athletic scholarships

Athletic scholarships usually cover only some college costs - and only for the select few who receive them.

Average athletic scholarships (all sports) ${ }^{1}$

1. ScholarshipStats.com, based on 2019-20 data with $3 \%$ annual increases through 2023-24. College costs are based on average tuition, fees, and room and board, using College Board's Trends in College Pricing and Student Aid 2023. Public college reflects in-state charges.
2. National Collegiate Athletic Association, December 2023.
3. Athleticscholarships.net.

## Federal financial aid eligibility

The Department of Education calculates the Student Aid Index (SAI) used to determine your financial aid eligibility.
 income from two years earlier.

| Parents |  | Students |  |  | Total SAI |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Income Assets <br> Up to <br> $\mathbf{2 2 \% - 4 7 \%}$of adjusted <br> available income <br> above protected <br> amount $^{2}$ of non-retirement <br> assets above <br> protected amount, <br> including 529 plans, <br> investments and <br> savings $^{2}$  |  | Income 50\% <br> of income above protected amount of \$11,130 | Assets 20\% <br> of all assets in bank accounts, CDs, UGMAs/ UTMAs and any other savings | - | SAl is not the amount your family will pay for college or get in federal aid. It's a number used to calculate how much aid a student is eligible to receive. <br> Families may pay more than their SAI. |

1. Based on federal methodology for 2024-25 school year. Federal financial aid rules are subject to change. Please consult your financial professiona for more information. To learn more about how SAl is calculated, click here.
2. Protected amount for parental income is based on household size. Protected amount for parental assets is based on age and marital status and excludes primary residence and retirement accounts.

## Key changes taking effect for the 2024-25 school year

Federal financial aid rules are subject to change. Please consult your financial professional for more information.

## Estimating your Student Aid Index

Use this chart to estimate your Student Aid Index, the number used to determine federal financial aid eligibility.

| Income much b impact | has a gger han | Annual Student Aid Index (SAI) Examples based on income and assets ${ }^{1}$ <br> Assets (excluding primary residence and retirement accounts) |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | \$0 | \$25,000 | \$50,000 | \$100,000 | \$150,000 | \$200,000 | \$250,000 | \$300,000 |  |
|  | \$50,000 | -\$1,500 | -\$1,500 | -\$1,500 | -\$1,419 | \$7 | \$1,749 | \$3,923 | \$6,591 | personal SAI |
|  | \$75,000 | \$793 | \$1,447 | \$2,458 | \$4,758 | \$7,572 | \$10,392 | \$13,212 | \$16,032 | Use the U.S. Dept. of Education's online calculator to get an estimate. |
|  | \$100,000 | \$8,903 | \$9,964 | \$11,374 | \$14,194 | \$17,014 | \$19,834 | \$22,654 | \$25,474 |  |
|  | \$125,000 | \$17,444 | \$18,505 | \$19,915 | \$22,735 | \$25,555 | \$28,375 | \$31,195 | \$34,015 |  |
|  | \$150,000 | \$25,711 | \$26,771 | \$28,181 | \$31,001 | \$33,821 | \$36,641 | \$39,461 | \$42,281 | $\begin{aligned} & \oplus \ominus \\ & \otimes \ominus \\ & \Theta \end{aligned}$ |
|  | \$175,000 | \$33,976 | \$35,037 | \$36,447 | \$39,267 | \$42,087 | \$44,907 | \$47,727 | \$50,547 |  |
|  | \$200,000 | \$42,220 | \$43,280 | \$44,690 | \$47,510 | \$50,330 | \$53,150 | \$55,970 | \$58,790 |  |
|  | \$225,000 | \$50,251 | \$51,311 | \$52,721 | \$55,541 | \$58,361 | \$61,181 | \$64,001 | \$66,821 |  |
|  | \$250,000 | \$58,282 | \$59,342 | \$60,752 | \$63,572 | \$66,392 | \$69,212 | \$72,032 | \$74,852 |  |

Example: If you earn \$150,000 in income and have $\$ 0$ in assets, your
estimated SAI is $\$ 25,711$ - more than one year of public college costs. ${ }^{2}$

1. J.P. Morgan Asset Management and studentaid.gov. Based on two-parent household with two children, all are residents of New York. Assumes no income or assets for each dependent and age 49 for eldest parent. Protected amounts for parental assets vary based on age and marital status. These are estimates provided for illustrative purposes only, and they may not be representative of your personal situation and circumstances.
2. J.P. Morgan Asset Management, using College Board's Trends in College Pricing and Student Aid 2023. Average tuition, fees, and room and board for public college reflect four-year, in-state charges.

Families that don't invest enough for college often have no other choice than to borrow.

1. U.S. Department of Education, National Student Loan Data System. Data as of Q3 2023 for federal Stafford and parent PLUS loans.
2. Federal Reserve Bank of New York, Household Debt and Credit Report, Q2 2023.
3. College Board, Trends in College Pricing, 2005 and 2023. Based on average tuition, fees, and room and board at an in-state, four-year public university. 4. U.S. News \& World Report, July 2023.

## Comparing college planning vehicles

Understanding the different college planning vehicles can help you choose the right one for your needs.

with our college planning calculator.

Never miss a monthly 529 contribution

Go online to easily set up automatic transfers from a bank account.

Source: J.P. Morgan Asset Management. Based on average tuition, fees, and room and board costs for 2023-24 school year, College Board's Trends in College Pricing and Student Aid 2023. Costs estimated to inflate 5\% per year. This hypothetical example illustrates the future values of different regular monthly investments for different time periods, assuming an annual investment return of 6\%, compounded monthly. This hypothetical example does not represent the performance of any particular investment. Different assumptions will result in outcomes different from this example. Your results may be more or less than the figures shown. These figures do not reflect the impact of fees or expenses that would be paid by a 529 plan participant. Such costs would lower performance. A plan of regular investment cannot ensure a profit or protect against a loss in a declining market.

## Start early, save more

The sooner you start investing, the more time you have to grow your college fund through the power of long-term compounding.

## Small monthly contributions add up over time

Total amounts accumulated at different starting ages ${ }^{1}$

## Put college investing on autopilot

Three-quarters of 529 plan users make automatic contributions from bank accounts or paychecks. ${ }^{2}$

1. J.P. Morgan Asset Management. This hypothetical example illustrates the future values at age 18 of different regular monthly investments for different time periods. Chart also assumes an annual investment return of $6 \%$, compounded monthly. Investment losses could affect the relative tax-deferred investing advantage. This hypothetical illustration is not indicative of any specific investment and does not reflect the impact of fees or expenses. Such costs would lower performance. Each investor should consider his or her current and anticipated investment horizon and income tax bracket when making an investment decision, as the illustration may not reflect these factors. A plan of regular investment cannot ensure a profit or protect against a loss in a declining market. This chart is shown for illustrative purposes only. Past performance is no guarantee of future results.
2. ISS Market Intelligence, 529 Industry Analysis 2023.

## Tax-efficient investing

A tax-advantaged 529 plan has the potential to grow faster than a taxable investment earning the exact same returns.

Lower taxes equal a larger college fund

## After-tax return on

 6\% investment gainTax-free 529 plan

Taxable account

## State tax benefits

Many 529 plans offer state tax benefits in addition to federal tax-free investing. ${ }^{2}$ See page 42 for more information.

1. J.P. Morgan Asset Management. Illustration assumes an initial $\$ 10,000$ investment and monthly investments of $\$ 500$ for 18 years. Chart also assumes an annual investment return of $6 \%$, compounded monthly, and a federal tax rate of $32 \%$. Investment losses could affect the relative tax-deferred investing advantage. This hypothetical illustration is not indicative of any specific investment and does not reflect the impact of fees or expenses. Each investor should consider his or her current and anticipated investment horizon and income tax bracket when making an investment decision, as the illustration may not reflect these factors. These figures do not reflect any management fees or expenses that would be paid by a 529 plan participant. Such costs would lower performance. This chart is shown for illustrative purposes only. Past performance is no guarantee of future results.
2. Earnings on non-qualified withdrawals may be subject to federal income tax and a $10 \%$ federal penalty tax, as well as state and local income taxes.

| Tax-advantaged investing |
| :--- |
| - Tax-deferred compounding |
| of contributions and earnings |
| - Tax-free withdrawals for |
| qualified education expenses ${ }^{1}$ |
| - Tax-deductible contributions | in some states

## Estate planning benefits

- Contributions and investment gains removed from taxable estate
- Option to make five years of tax-free gifts in a single year - up to $\$ 180,000$ per beneficiary from married couples filing jointly and $\$ 90,000$ from individuals ${ }^{2}$
- Only completed gift that can be revoked under current laws

## Control and flexibility

- Account owner retains full control over assets
- Can change beneficiaries to other eligible family members
- Covers any qualified expense at accredited U.S. and foreign colleges, trade schools, and apprenticeship programs ${ }^{3}$
- Minimal impact on financial aid eligibility

## Accessible and affordable

- No income limits on contributors
- No age limits on beneficiaries or contributors
- No mandatory withdrawals at any age
- Very low investment minimums make it easy to get started
- High contribution limits, often \$400,000 or more per beneficiary ${ }^{4}$

1. Earnings on federal non-qualified withdrawals may be subject to federal income tax and a $10 \%$ federal penalty tax, as well as state and local income taxes. Under federal law, you may withdraw funds from your Account to pay K-12 Tuition Expenses, Apprenticeship Program Expenses, Qualified Education Loan Repayments, and/or Roth IRA Rollovers. For federal tax purposes, each of a distribution to pay K-12 Tuition Expenses, pay Apprenticeship Program Expenses, make Qualified Education Loan Repayments, and make a Roth IRA Rollover is considered a Federal Qualified Withdrawal and is, therefore, free from federal taxes and penalties. However, if you are a New York State taxpayer, the distributions for K-12 Tuition Expenses, Qualified Loan Repayments, and Roth IRA Rollovers are not considered a New York Qualified Withdrawal and will require the recapture of any New York State tax benefits that have accrued on contributions. State tax benefits for non-resident New York taxpayers may vary. Tax and other benefits are contingent on meeting other requirements. Please consult your tax professional about your particular situation.
2. No additional gifts can be made to the same beneficiary over a five-year period. If the donor does not survive the five years, a portion of the gift is returned to the taxable estate.
3. To search for accredited schools, visit https://studentaid.gov/fafsa-app/FSCsearch.
4. The Program Administrators of New York's 529 Advisor-Guided College Savings Program impose a maximum aggregate balance of all accounts for a single beneficiary in qualified tuition programs sponsored by the State of New York, which limits the amount of contributions that may be made for any one beneficiary, as required by Section 529 of the Internal Revenue Code. The current maximum account balance is \$520,000.

A flexible 529 plan can be used to pay for a wide range of education expenses - and beyond.
Pay for post-secondary education ${ }^{1}$ Pay other education expenses ${ }^{1}$

## 529 plan rules vary by state

Check with your plan to see if any uses are considered nonqualified for state tax purposes.

How to keep extra 529
funds in your family

- Change account beneficiary to another eligible family member
- Withdraw amounts equal to scholarships received ${ }^{2}$

1. Earnings on federal non-qualified withdrawals may be subject to federal income tax and a $10 \%$ federal penalty tax, as well as state and local income taxes. Under federal law, you may withdraw funds from your Account to pay K-12 Tuition Expenses, Apprenticeship Program Expenses, and/or Qualified Education Loan Repayments. For federal tax purposes, each of a distribution to pay K-12 Tuition Expenses, pay Apprenticeship Program Expenses, and make Qualified Education Loan Repayments is considered a Federal Qualified Withdrawal and is, therefore, free from federal taxes and penalties. However, if you are a New York State taxpayer, the distributions for K-12 Tuition Expenses and Qualified Loan Repayments are not considered a New York Qualified Withdrawal and will require the recapture of any New York State tax benefits that have accrued on contributions. State tax benefits for non-resident New York taxpayers may vary. Tax and other benefits are contingent on meeting other requirements. Please consult your tax professional about your particular situation.
2. The $10 \%$ federal penalty tax is waived, but investment earnings withdrawn are subject to federal income tax as well as any applicable state and local income taxes.

## New in 2024: Rollovers from 529 plans to Roth IRAs

Moving extra money to Roth IRAs extends tax benefits beyond college while easing concerns about overfunding 529 accounts.

## Giving college graduates a head start on retirement savings Growth of \$35,000 rollover from 529 plan to Roth IRA

Retirement savings head start, not including any additional contributions after the rollover
$\$ 35,000$

Ages 23-27
(\$7,000 annual rollovers)

## Consult your financial or tax professional

Qualified rollovers are free from federal taxes and penalties, but each state sets its own 529 plan rules.

## Questions about 529-to-Roth rollovers

Who is eligible?

- No income limits
- Roth IRA must be in same name as 529 beneficiary
- Beneficiary's annual job earnings must equal or exceed rollover amount

How much can be rolled over?

- $\$ 7,000$ annual maximum per beneficiary ( $\$ 8,000$ if age 50 or older)
- $\$ 35,000$ lifetime maximum per beneficiary

When can rollovers occur?

- 15+ years after 529 account opened
- Can't include 529 contributions or investment earnings within five years of rollover

[^5]
## Making the most of college gifts

Only 529 plans allow five years of tax-free gifts in one year to help families meet college costs and manage estate taxes.

One gift at birth can pay all or most four-year college costs

| Contributor | 2024 annual gift limit | Maximum tax-free 529 gift' |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Individual |  | $\square$ <br> \$90,000 per child | \$256,891 | Pays 103\% <br> of projected four-year in-state public college costs | All 529 plan gifts and investment gains are removed from the contributor's taxable estate - without losing control. |
|  | (5) | $\square$ | \$513,781 | Pays 88\% <br> of projected |  |
| Couple | \$36,000 | \$180,000 per child |  | four-year private college costs |  |

1. No additional gifts can be made to the same beneficiary over a five-year period. If the donor does not survive the five years, a portion of the gift is returned to the taxable estate.
2. J.P. Morgan Asset Management. Illustration assumes an annual investment return of $6 \%$, compounded monthly. This example does not represent the performance of any particular investment. Different assumptions will result in outcomes different from this example. Your results may be more or less than the figures shown. Investment losses could affect the relative tax-deferred investing advantage. Each investor should consider his or her current and anticipated investment horizon and income tax bracket when making an investment decision, as the illustration may not reflect these factors. These figures do not reflect any management fees or expenses that would be paid by a 529 plan participant. Such costs would lower performance. Average projected four-year college costs are based on College Board's Trends in College Pricing and Student Aid 2023, assuming 5\% annual inflation. This chart is shown for illustrative purposes only. Past performance is no guarantee of future results.

## Creating family legacies with 529 plans

Any money left in a 529 plan after college can continue growing for future generations. ${ }^{1}$

> Investing for many generations with one 529 plan gift Growth of one-time accelerated $\$ 180,000$ gift, from birth through college ${ }^{2}$

1. The Beneficiary of a 529 Account can be changed at any time. If the new Beneficiary is a Member of the Family, the change of Beneficiary is free from New York State and federal income tax. A Member of the Family includes the Beneficiary’s child or step-child (and their descendants); sibling or step-sibling; parent or step-parent (and their ancestors); niece or nephew; aunt or uncle; a son-in-law, daughter-in-law, father-in-law, mother-in-law, brother-in-law or sister-in-law; the spouse of the Beneficiary or the spouse of any individual described above; or a first cousin of the Beneficiary.
2. J.P. Morgan Asset Management. Illustration assumes an annual investment return of 6\%, compounded monthly. This example does not represent the performance of any particular investment. Different assumptions will result in outcomes different from this example. Your results may be more or less than the figures shown. Investment losses could affect the relative tax-deferred investing advantage. Each investor should consider his or her current and anticipated investment horizon and income tax bracket when making an investment decision, as the illustration may not reflect these factors. These figures do not reflect any management fees or expenses that would be paid by a 529 plan participant. Such costs would lower performance. Illustration assumes student attends an in-state public college. Average projected four-year college costs are based on College Board's Trends in College Pricing and Student Aid 2023, assuming 5\% annual inflation. Changing a 529 plan beneficiary to another generation may result in federal gift and generation-skipping transfer taxes. Please consult a tax professional for advice specific to your situation. This chart is shown for illustrative purposes only. Past performance is no guarantee of future results.

## Catching up on college investing

By funding 529 plans with manageable amounts from multiple sources, late starters may still have time to achieve their goals.

Combining monthly investments with other sources of college savings
Example: Getting started for a 10-year-old

[^6]
## Don't pay for college with retirement funds

Every dollar used for college can mean several less for retirement, due to years of lost investment earnings and compounding.

How college withdrawals can jeopardize retirement security ${ }^{1}$

## Keep college and retirement separate

A 529 education plan offers special tax benefits not available in retirement accounts, along with greater flexibility and higher contribution limits.

## A dangerous decision

Two in five Americans have used retirement funds to pay for college. ${ }^{3}$

1. J.P. Morgan Asset Management. This illustration assumes that assets would have remained in a tax-advantaged retirement account instead of being withdrawn for college, earning $6 \%$ annual investment returns for 20 years, compounded monthly. This example does not represent the performance of any particular investment. Different assumptions will result in outcomes different from this example. Your results may be more or less than the figures shown. Investment losses could affect the relative tax-deferred investing advantage. Each investor should consider his or her current and anticipated investment horizon and income tax bracket when making an investment decision, as the illustration may not reflect these factors. These figures do not reflect any management fees or expenses. Such costs would lower performance. Shown for illustrative purposes only. Past performance is no guarantee of future results.
2. Distributions from certain retirement accounts, including IRAs, may not be subject to the $10 \%$ penalty tax if used for qualified higher education expenses. Income taxes may be due on withdrawals if certain requirements are not met. Refer to IRS Publication 970 or consult your tax professional regarding your personal circumstances.
3. Society of Actuaries, June 2023. Based on respondents saving for both retirement and college.

Withdrawing money from a 529 plan before college can leave families with less during college.

## The price of K-12 withdrawals

Growth of \$500 monthly investments over 18 years ${ }^{1}$

## Check your 529 plan

Annual withdrawals of up to $\$ 10,000$ per beneficiary for private K-12 tuition are free from federal taxes, but state tax consequences may apply in certain states. ${ }^{3}$

1. J.P. Morgan Asset Management. Illustration assumes an annual investment return of 6\%, compounded monthly. It also assumes $\$ 10,000$ annual $\mathrm{K}-12$ withdrawals between ages 9 and 17. This example does not represent the performance of any particular investment. Different assumptions will result in outcomes different from this example. Your results may be more or less than the figures shown. Investment losses could affect the relative tax-deferred investing advantage. Each investor should consider his or her current and anticipated investment horizon and income tax bracket when making an investment decision, as the illustration may not reflect these factors. These figures do not reflect any management fees or expenses that would be paid by a 529 plan participant. Such costs would lower performance. This chart is shown for illustrative purposes only. Past performance is no guarantee of future results.
2. College Board, Trends in College Pricing and Student Aid 2023, assuming 5\% annual inflation. Based on average tuition, fees, and room and board at an in-state, four-year public college.
3. Under New York State law, withdrawals used to pay elementary or secondary school tuition or qualified education loan repayments are considered non-qualified distributions and will require the recapture of any New York State tax benefits that have accrued on contributions.

## Performance pays

Even small increases in investment returns can make a big difference when it comes time to pay for college.

Small increases in returns, big impact on college funds
Growth of \$100,000 investment over 18 years

Source: J.P. Morgan Asset Management, using College Board's Trends in College Pricing and Student Aid 2023. This hypothetical illustration assumes an investment of $\$ 100,000$ over an 18 -year period, with returns compounded monthly. Different assumptions will result in outcomes different from this example. Investment losses could affect the relative tax-deferred investing advantage. This hypothetical illustration is not indicative of any specific investment and does not reflect the impact of fees or expenses. Such costs would lower performance. Each investor should consider his or her current and anticipated investment horizon and income tax bracket when making an investment decision.

## Staying diversified over 18 years

Compare the best, worst and average annual returns for different investments over rolling 18-year periods.

Best, worst and average rolling 18-year periods
Average annual returns, 1983-2023

## Chart highlights

- Average returns for both stocks and bonds outpaced tuition inflation.
- The diversified portfolio delivered higher returns than bonds, with lower volatility than stocks.
- Average returns for shortterm cash did not keep pace with tuition inflation.

Source: Barclays Capital, FactSet, Robert Shiller, Strategas/Ibbotson, Federal Reserve, BLS, J.P. Morgan Asset Management. Rolling returns shown are based on calendaryear returns from 1983 through 2023. Stocks are represented by S\&P 500 Index, bonds by Bloomberg Barclays U.S. Aggregate Index and cash by Bloomberg Barclays U.S. Treasury Bellwethers 3M Index. Data are as of 12/31/23. Past performance is not indicative of future results. Diversification does not guarantee investment returns and does not eliminate the risk of loss.

## College preparation timeline

Planning in advance and filing early for financial aid may help students get into their preferred colleges.

|  | September-November | December-February | March-May | June-August |
| :---: | :---: | :---: | :---: | :---: |
| High school junior | - Begin researching colleges <br> - Take PSAT/SAT/ACT | - Begin to formulate college list <br> - Retake SAT/ACT or continue test preparation <br> - Schedule college visits | - Retake SAT/ACT (if needed) <br> - Take AP exams <br> - Write college essay <br> - Get recommendations from guidance counselor, teachers and others | - Finalize college list <br> - Visit colleges <br> - Aug. 1: Common App released online <br> - Begin applying for scholarships |
| High school senior | Oct. 1: File FAFSA <br> - Register for CSS Profile (if required) <br> - Nov. 1: Apply early decision/early action <br> - Retake SAT/ACT (if needed) | - Consider early decision acceptances <br> - Submit regular decision applications | - Consider regular decision acceptances <br> - May 1: Make final decision/pay deposit <br> - Take AP exams <br> - Finalize loan applications (if needed) | - Pay for Fall semester <br> College begins |

Key dates

See page 35 for additional resources

## College endowments and financial aid

Endowments fund college scholarships and financial aid, but not enough to cover a typical family's costs.

What endowments do with money received from donors

## Why not spend more?

Most endowments are meant to last in perpetuity, so they generally have limits on annual spending to reduce the risk of running out of money.

Few college students get the full benefit of endowments

100 biggest U.S. endowments
80\% of all endowment assets
More student aid, but usually higher-cost colleges

Average endowment
$\$ 3.9$ million spent on student aid
Enough to fund only 162 full scholarships

## Other sources of college funding

Compared to these options, a 529 education plan is usually the better choice.

|  | How it works | Pros | Cons |
| :---: | :---: | :---: | :---: |
| Roth IRA | Withdraw retirement funds to pay for college | - No taxes or penalties when contributions withdrawn ${ }^{1}$ <br> - No penalty if investment earnings withdrawn for qualified higher education expenses <br> - Assets not considered for federal financial aid | - Withdrawals for college reduce retirement savings (see page 29) <br> - Potential taxes on investment earnings withdrawn² <br> - Annual contributions limited to $\$ 7,000$ ( $\$ 8,000$ if age 50 or older) <br> - Contributors subject to income limits; no gifts allowed from others <br> - No state tax benefits |
| Life insurance | Withdraw or borrow against the cash value of a policy to pay for college | - Cash value grows tax-deferred; withdrawals generally tax-free ${ }^{3}$ <br> - Cash value not considered an asset for federal financial aid | - Subject to fees, commissions and surrender charges <br> - Loan interest not generally tax deductible <br> - No state tax benefits |
| Home equity loan | Borrow against home equity value to pay for college | - Have fixed interest rates often lower than college loans <br> - Not subject to borrowing limits of federal loans | - Interest not tax deductible when used for college <br> - Less repayment flexibility than federal loans <br> - Risk of foreclosure if loan not repaid |
| Private loan | Borrow from bank, credit union or other lenders outside the U.S. government | - Interest may be tax deductible, subject to income limits <br> - Higher borrowing limits than federal loans | - Interest rates often variable and higher than federal loans <br> - Interest may be due while student is in college <br> - Less repayment flexibility than federal loans <br> - Often require cosigners |

1. Subject to certain requirements. Penalties may be due if contributions from a converted account are withdrawn within five years of the conversion. Please consult a tax professional for additional details.
2. Withdrawals of investment earnings are tax free if the account owner is over age $591 / 2$ and the Roth IRA has been open at least five years. Please consult a tax professional for additional details.
3. If withdrawal amounts exceed the premiums paid, taxes may be due on the difference.

|  | Details | Income limits | Tax benefits |
| :---: | :---: | :---: | :---: |
| Tax-advantaged education savings plans | 529 plans for four-year universities, graduate school, vocational/trade schools and community college | None | Contributions not typically deductible from federal taxes; investments grow tax-deferred, and withdrawals are generally tax-free for qualified expenses ${ }^{2}$ |
|  | Coverdell Education Savings Accounts for any level of education, from elementary school through graduate school | Single: \$110,000 <br> Married filing jointly: <br> \$220,000 |  |
| Federal tax credits ${ }^{3}$ | American Opportunity Tax Credit for qualified expenses in the first four years of college | Single: \$90,000 <br> Married filing jointly: <br> \$180,000 | Reduce taxes by up to $\$ 2,500$ per student each year ( $100 \%$ of the first $\$ 2,000$ of qualified expenses, and $25 \%$ of the next $\$ 2,000$ ) |
|  | Lifetime Learning Credit for qualified expenses in an unlimited number of years of college |  | Reduce taxes by up to $\$ 2,000$ per tax return each year ( $20 \%$ of the first $\$ 10,000$ of qualified expenses) |
| Student loan interest deduction | For interest paid on student loans taken out for yourself, your spouse or dependents | Single: \$95,000 <br> Married filing jointly: <br> \$195,000 | Reduce taxable income by up to $\mathbf{\$ 2 , 5 0 0}$ each year |
| State tax deductions | Some states allow deductible contributions to a 529 education plan for state income tax purposes | Varies by state | Varies by state; see page 42 for more information |

1. Must meet certain eligibility requirements. Information as of November 2023. Please consult a tax professional for additional details.
2. Tax-free withdrawals cannot be taken for the same expenses used to claim tax credits.
3. Taxpayers cannot claim both credits for the same student in the same year.

## Some states have income limits

Tax breaks may be subject to income requirements in some states, including Delaware, Maine, Minnesota, New Jersey, Oregon and Pennsylvania. Check with individual plans for more details.

## Tax parity states

These states offer a tax deduction for contributing to any 529 plan, including out-of-state plans that may be more attractive than the in-state option: Arizona, Arkansas, ${ }^{2}$ Kansas, Maine, Minnesota, ${ }^{2}$ Missouri, Montana, Ohio, Pennsylvania.

## Tax-neutral states

These states offer no state tax deduction for 529 plan contributions: Alaska, California, Florida, Hawaii, Kentucky, Nevada, New Hampshire, North Carolina, South Dakota, Tennessee, Texas, Washington, Wyoming.

## All other states

These states offer potential tax breaks on contributions made only to in-state 529 plans.

1. As of December 2023.
2. Arkansas offers larger tax deductions for contributions made to an in-state 529 plan. Minnesota offers either a tax deduction or tax credit, depending on income. Consult the plans for more details.

## Index definitions and disclosures

Indices are unmanaged, and an individual cannot invest directly in an index. Index returns do not include fees or expenses.

The Bloomberg Barclays U.S. Treasury Bellwethers 3M Index tracks the performance and attributes of the on-the-run (most recently auctioned) U.S. Treasury bill with 3 months' maturity. The index follows Bloomberg Barclays Capital's index monthly rebalancing conventions. It contains index history starting January 1, 1981.

The Bloomberg Barclays Capital U.S. Aggregate Index represents securities that are SEC-registered, taxable and dollar denominated. The index covers the U.S. investment-grade fixed-rate bond market, with index components for government and corporate securities, mortgage pass-through securities and asset-backed securities. These major sectors are subdivided into more specific indices that are calculated and reported on a regular basis.

The S\&P 500 Index is widely regarded as the best single gauge of the U.S. equities market. This world-renowned index includes a representative sample of 500 leading companies in leading industries of the U.S. economy. Although the S\&P 500 Index focuses on the large cap segment of the market, with approximately $75 \%$ coverage of U.S. equities, it is also an ideal proxy for the total market. An investor cannot invest directly in an index.

## Past performance is no guarantee of comparable future results. <br> Diversification does not guarantee investment returns and does not eliminate the risk of loss.

Bonds are subject to interest rate risks. Bond prices generally fall when interest rates rise.

The price of equity securities may rise or fall because of changes in the broad market or changes in a company's financial condition, sometimes rapidly or unpredictably. These price movements may result from factors affecting individual companies, sectors or industries, or the securities market as a whole, such as changes in economic or political conditions. Equity securities are subject to "stock market risk," meaning that stock prices in general may decline over short or extended periods of time.

## Not FDIC Insured |No Bank, State or Federal Guarantee|May Lose Value

## For more information about New York's 529 Advisor-Guided College Savings Program, you may contact your financial professional or obtain an Advisor-Guided Plan Disclosure Booklet and Tuition Savings Agreement at www.ny529advisor.com or by calling 1-800-774-2108. This document includes investment objectives, risks, charges, expenses, and other information. You should read and consider it carefully

 before investing.Before you invest, consider whether your or the Beneficiary's home state offers any state tax or other state benefits such as financial aid, scholarship funds, and protection from creditors that are only available for investments in that state's qualified tuition program.
The Comptroller of the State of New York and the New York State Higher Education Services Corporation are the Program Administrators and are responsible for implementing and administering New York's 529 Advisor-Guided College Savings Program (the "Advisor-Guided Plan"). Ascensus Broker Dealer Services, LLC serves as Program Manager for the Advisor-Guided Plan. Ascensus Broker Dealer Services, LLC and its affiliates have overall responsibility for the day-to-day operations of the Advisor-Guided Plan, including recordkeeping and administrative services. J.P. Morgan Investment Management Inc. serves as the Investment Manager. J.P. Morgan Asset Management is the marketing name for the asset management business of JPMorgan Chase \& Co. JPMorgan Distribution Services, Inc. markets and distributes the Advisor-Guided Plan. JPMorgan Distribution Services, Inc. is a member of FINRA.
No guarantee: None of the State of New York, its agencies, the Federal Deposit Insurance Corporation, J.P. Morgan Investment Management Inc., Ascensus Broker Dealer Services, LLC, JPMorgan Distribution Services, Inc., nor any of their applicable affiliates insures accounts or guarantees the principal deposited therein or any investment returns on any account or investment portfolio.
New York's 529 College Savings Program currently includes two separate 529 plans. The Advisor-Guided Plan is sold exclusively through financial advisory firms who have entered into Advisor-Guided Plan selling agreements with JPMorgan Distribution Services, Inc. You may also participate in the Direct Plan, which is sold directly by the Program and offers lower fees. However, the investment options available under the Advisor-Guided Plan are not available under the Direct Plan. The fees and expenses of the Advisor-Guided Plan include compensation to the financial advisory firm. Be sure to understand the options available before making an investment decision.

The Advisor-Guided Plan is offered through financial intermediaries, including broker-dealers, investment advisers and firms that are registered as both broker-dealers and investment advisers and their respective investment professionals. Broker-dealers and investment advisers are subject to different standards under federal and state law when providing investment advice and recommendations about securities. Please ask the financial professional with whom you are working about the role and capacity in which their financial intermediary acts when providing services to you or if you have any questions in this regard.
The Program Administrators, the Program Manager and JPMorgan Distribution Services, Inc., and their respective affiliates do not provide legal or tax advice. This information is provided for general educational purposes only. This is not to be considered legal or tax advice. Investors should consult with their legal or tax advisors for personalized assistance, including information regarding any specific state law requirements.

    2. Sallie Mae, How America Pays for College, 2023.
[^3]:    Source: J.P. Morgan Asset Management, using College Board's Trends in College Pricing and Student Aid 2023. Future college costs estimated to inflate 5\% per year. Average tuition, fees, and room and board for public college reflect four-year, in-state charges. Community college costs are based on average tuition and fees for an in-district student.

[^4]:    Source: ISS Market Intelligence, 529 Industry Analysis 2023.

[^5]:    Source: J.P. Morgan Asset Management. Chart assumes $\$ 7,000$ annual rollovers with $7 \%$ annual returns, compounded monthly, which grow to $\$ 43,362$ after five years. For illustrative purposes only. Under federal law, you may withdraw funds from your Account to pay K-12 Tuition Expenses, Apprenticeship Program Expenses, Qualified Education Loan Repayments, and/or Roth IRA Rollovers. For federal tax purposes, each of a distribution to pay K-12 Tuition Expenses, pay Apprenticeship Program Expenses, make Qualified Education Loan Repayments, and make a Roth IRA Rollover is considered a Federal Qualified Withdrawal and is, therefore, free from federal taxes and penalties. However, if you are a New York State taxpayer, the distributions for K-12 Tuition Expenses, Qualified Loan Repayments, and Roth IRA Rollovers are not considered a New York Qualified Withdrawal and will require the recapture of any New York State tax benefits that have accrued on contributions.

[^6]:    Source: J.P. Morgan Asset Management. This hypothetical illustration assumes an annual investment return of 6\%, compounded monthly. Investment losses could affect the relative tax-deferred investing advantage. Each investor should consider his or her current and anticipated investment horizon and income tax bracket when making an investment decision, as the illustration may not reflect these factors. All savings sources combined reflect $\$ 500$ monthly investments, plus $\$ 6,000$ in combined annual tax refunds, bonuses and family gifts. Projected four-year college costs are based on College Board's Trends in College Pricing and Student Aid 2023, assuming $5 \%$ annual inflation. Projected college costs for this example are $\$ 153,023$, which includes average tuition, fees, and room and board at an in-state public college. Different assumptions will result in outcomes different from this example. Your results may be more or less than the figures shown. This example does not represent the performance of any specific investment and does not reflect any management fees or expenses that would be paid by a 529 plan participant. These costs would lower performance. This chart is shown for illustrative purposes only. Past performance is no guarantee of future results.
