Could there be pensions and/or retirement benefits from a previous employer that you may be forgetting?	☐	☐
Are you retiring early? If so, consider the following: ■ Social Security benefits may be reduced if you earn more than $18,960 and are collecting benefits prior to your full retirement age (FRA) or if you earn more than $50,520 in the year you reach FRA. ■ Social Security benefits will be reduced if you collect prior to your FRA. ■ You can access your 401(k) penalty-free if you leave your employer in the year you turn 55 or later.	☐	☐

Were you married previously and currently unmarried? This could limit the amount spent on premiums to 8.5% of your household income.	☐	☐
Will you have to change your employer-sponsored health insurance upon turning 65 or upon retiring from your employer? If so and you are under age of 65, you may need to look to COBRA or the Health Insurance Marketplace. If you are age 65 or over, you may need to sign up for Medicare.	☐	☐
