OUR BUSINESS IS HELPING PEOPLE LIVE WELL

At Transamerica, we've been empowering people to feel better about their future for over 100 years. But the way we see it, our responsibility goes far beyond your retirement account.

We make wellness a central part of everything we do—and strive to inspire you to do the same —because we want you to charge toward retirement with a healthy balance sheet, and a healthy heart to match.

“Investing in your health is just as critical as investing in your retirement... this represents the future of sound advice.”

— Joseph Coughlin, Ph.D. MIT AGELAB DIRECTOR

30 years

The increase in average life expectancy over the past century.¹

HEALTH AND WEALTH: A VITAL CONNECTION

We're living longer than ever — average life expectancy has increased by almost 30 years over the past century. But how can we make sure those extra years are good ones? Studies show that people who are financially secure enjoy a higher quality of life, with less stress and fewer health risks. That's why it's so important to include both health and wealth in your plans for the future.

COMPOUNDING BENEFITS

Here's another way health and wealth work together: little decisions today can lead to big rewards in the future. The habits we form right now, like choosing to take the stairs or saving a little more, have an exponential impact on our health and wealth tomorrow.

\$6k

How much you can save each year with healthier habits.²

A HEALTHY UNDERSTANDING

We want to keep you informed about the latest research and discoveries that affect your security and happiness in the future. To better understand the vital relationship between physical and financial health, we've partnered with experts in medicine and technology. With this knowledge, we can provide the tools you need to start developing better habits.

6 years

An affluent 25-year-old will live six years longer than someone the same age who is less financially secure.³

WELL-BEING GETS BETTER

Our groundbreaking health and wealth program is fully integrated into every part of our business. We're committed to helping you:

- Learn more about the undeniable link between health and wealth.
- Develop smarter daily habits.
- Set goals and track your progress.
- Celebrate the impact your decisions have on the present—and the future.

**When it comes to preparing for your future,
there's no time like the present.**

Let's get started today.
