### **WHAT DOES INTEGRITY MEAN TO YOU?**

When he was in his third grade golf elective his instructor told him that integrity means, "what you do when nobody else is looking." He agrees and feels that integrity is a hard quality to come by in his generation. "Most people in my generation are so complacent."

His football coach tells him, "You either pay a price now, or pay a price later." (Mostly referencing when he's weightlifting and football etc.)

He believes hard work now pays off later in life!
