About Emerald Retirement Planning Group

Emerald Retirement Planning Group is in Rockland County NY. We've have been working with Dave Ramsey's program for more than **10 YEARS**, and for good reason—people who find us through Dave and his team already understand the basics of good money management and are looking to improve upon that foundation. As an introduction, here is a little about our focus:

We help people maximize their long-term wealth building efforts (Baby Steps 4, 5, 6, and 7). This generally means that you have paid off all of your consumer debt (basically everything but your home mortgage, and perhaps that as well), and you have at least three months of expenses saved in the bank. You have likely been contributing to retirement plans or other investment accounts and want to make sure you are doing so in a maximal way that is coordinated and aligned with your goals.

We provide financial planning and investment management. Our work is both plan-driven and behavior-based, meaning we help clients focus on things they can actually do something about. We help our clients filter out all the “noise” that tends to distract us, which further improves focus around the key areas that will drive their long-term success.
