**Business Continuity Plan Disclosure Statement
June 2020**

Dempsey Lord Smith, LLC (DLS) is a fully-disclosed introducing broker/dealer who clears, executes and settles its trades through our clearing firm National Financial Services, LLC, (NFS). In connection with these services, DLS is required to communicate its position on our business continuity practices.

DLS is committed to serving its clients with continual quality support and care. As such, we have developed a business continuity plan that will help reduce or eliminate the impact of potential business disruptions.

Our plan focuses on three primary events: physical disasters (such as fire, severe weather etc.), events impacting stock and bond market operation, and cyber events. The main objectives of the plan are to meet the needs of our customers, uphold the safety of our employees, and cover our regulatory obligations while mitigating the impact of events. Key procedures include back-up of critical data systems, and alternative office locations. The plans are reviewed and tested to insure they are effective should an actual event occur.

In addition, our clearing firm, National Financial Services, LLC, has its own business continuity plan that addresses possible disruptions, and includes strategies such as alternate physical locations of business, alternative means of communication with clients, and backup telecommunications and systems. They review and test these plans on an annual basis to ensure clients will have access to funds and securities with minimal delays.
