WEEKLY QUOTE

“Too much rest is rust.”

- Sir Walter Scott

WEEKLY TIP

Small business owners applying for home loans should know that if they own 25% or more of the voting stock of a corporation, they are technically classified as self-employed. They will need to provide the lender with a corporate tax return.

WEEKLY RIDDLE

What time of day can be written the same way forwards or backwards?

Last week's riddle:

A Saab travels along an avenue at 50mph, a Subaru at 30mph. The Subaru passes by the Saab, without speeding up to do so. How is this possible?

Last week's answer:

They are traveling in opposite directions.

SEPTEMBER SAW SLIGHTLY MORE HOME BUYING

Existing home sales advanced 0.7% last month, according to a National Association of Realtors report. This gain broke a 3-month streak of retreats. Single-family home sales rose 1.1%. Housing inventory increased 1.6% last month, but it was still 6.4% under year-ago levels.¹

GROUNDBREAKING FALLS TO A 12-MONTH LOW

Housing starts slumped 4.7% in September, the Census Bureau reported last week. Building permits also declined, decreasing 4.5%. Fall hurricanes may have slowed construction activity, but investment in homebuilding was also down 7.3% year-over-year during the second quarter.²
