RELATIONSHIPS AND SERVICES

What investment services and advice can you provide me?

We offer personalized portfolio management services to retail investors by giving you continuous advice and making investments for your account based on your individual investment goals. We also offer financial planning services, either pursuant to a written financial plan or on a consulting basis. As a standard part of our portfolio management services, we monitor the investments in your portfolio on a quarterly basis. We will contact you (by phone or e-mail) at least annually to discuss your portfolio and to see if there are any changes in your financial circumstances and investment guidelines. You can choose a portfolio management account that allows us to buy and sell investments without asking you in advance (a “discretionary account”) or we may give you advice and let you make the ultimate decision regarding the purchase or sale of investments (a “non-discretionary account”). In order for you to establish a portfolio management relationship with us, we require a minimum account size of \$1,000,000 and a minimum annual fee of \$5,000, although we may waive this requirement under certain circumstances. There is also a minimum annual fee of \$3,000 for our financial planning services (which may be offset by your portfolio management fee). There is no minimum fee for our consulting services.

- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications?
- What do these qualifications mean?

FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

What fees will I pay?

We charge an asset-based fee for our investment management services quarterly in advance, either a fixed or hourly fee for our financial planning services with 50% due upon inception of the relationship and the rest due upon completion of the service, and either a fixed or hourly fee for our consulting services that is paid monthly in arrears or upon completion of the service. *In regard to our asset-based fee, the more assets that are in your account, the more you will pay in fees and therefore, we may have an incentive to encourage you to increase the assets in your account.*

In addition to our advisory fees, you may be responsible for paying some or all of the following types of fees:

- Fees paid to the custodian that holds the assets in your account
- The fees paid to managers of the mutual fund(s) that are selected for your account
- Transaction fees when an investment is bought or sold for your account

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investment over time. Please make sure you understand what fees and costs you are paying.

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours.
