

Henry Wealth Management

Mid Year Update

A few clients have said lately; "I heard some guru/read some article, etc. warning of or predicting THE COMING RECESSION!"

More specifically, the longer the current bull market runs, the more people naturally begin to think and question:

- **Is a recession coming?** *Inevitably yes.*
- **When is it coming?** *No one knows.*
- **When it comes, how long will it last?** *No one knows but can learn from history.*
- **What should I be doing now...and then?** *Join our call to learn!*

Please plan to tune into a live call with **Patrick A. Sweeny**, Partner and Co-Founder of Symmetry Partners, LLC.
