CNR Speedometers® are indicators that reflect forecasts of a 6 to 9 month time horizon. The colors of each indicator, as well as the direction of the arrows represent our positive/negative/neutral view for each indicator. Thus, arrows directed towards the (+) sign represents a positive view which in turn makes it green. Arrows directed towards the (-) sign represents a negative view which in turn makes it red. Arrows that land in the middle of the indicator, in line with the (0), represents a neutral view which in turn makes it yellow. All of these indicators combined affect City National Rochdale's overall outlook of the economy.
