

Item 1 – Introduction: Is an investment advisory account right for you?

Freedom Wealth Alliance, LLC (“FWA” or “we”) is an investment adviser registered with the U.S. Securities and Exchange Commission. We offer our clients investment advisory services. Clients should understand that the services we provide and fees we charge are different than those of a broker-dealer, and that it is important to understand the difference between the two. Free and simple tools are available to research firms and financial professional at <https://www.investor.gov/CRS>, which also provides educational materials about investment advisers, broker-dealers and investing.

Item 2 – What investment services and advice can you provide me?

Description of Services: FWA offers investment advisory services to retail investors. Our investment advisory services include:

Asset Management Services: We provide asset management services which involves us managing and trading your designated account(s). We will discuss your investment goals and design a strategy to try and achieve your investment goals. We will continuously monitor your account when providing asset management services and contact you at least annually to discuss your portfolio. We offer asset management services through both wrap fee programs and non-wrap fee programs. We also offer a Web-Based Portfolio Management Services through Institutional Intelligent Portfolios™, an automated, online investment management platform sponsored by Charles Schwab. For more information, please see Item 4 of our Form ADV Part 2A. When engaging us for asset management services, you can choose whether you’d like us to provide services on a discretionary basis (we will have the authority to determine the type and amount of securities to be bought or sold in your account) or a non-discretionary basis (we will have to confirm any trades in your account with you before we place them).

Financial Planning & Consulting Services: We also provide financial planning and consulting services. Financial planning services involve us creating a written financial plan for you which covers mutually agreed upon topics. Financial consulting is used when a written financial plan is not needed. It involves one time and/or ongoing meetings to discuss your financial situation. Limited Investment Offerings: We do not primarily recommend one type of security to clients. Instead, we recommend investment portfolios designed to be suitable for each client relative to that client’s specific circumstances and needs. However, we are limited in investment selection in that we can only invest your account in securities which are available on your custodian/broker-dealer’s platform. When providing you services, we do not recommend or offer advice on any proprietary products.

Account & Fee Minimums: We require a minimum of between \$15,000 and \$250,000 dependent upon the program selected in order to open an account managed by us.

For additional information, please refer to Items 4, 7, & 13 of our Form ADV Part 2A and/or or Items 4 and 5 of Form ADV Part 2A Appendix 1 at the following link: <https://adviserinfo.sec.gov/firm/brochure/170456>.

Conversation Starters: Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

Item 3 – What fees will I pay?

We are primarily compensated by a percentage of assets under our management, hourly fees, fixed fees and solicitor/referral fees. Our fees vary depending on the services you receive. The annual fee for portfolio management services will be based upon a fee schedule which will range up to a maximum of 2.50% billed in advance on a quarterly basis, and calculated based on the fair market value of your account. Because our fee is based upon the value of your account we have an incentive to recommend that you increase the level of assets in your account. We utilize wrap fee and non-wrap fee programs. Under a wrap fee program the fee you pay us covers both our advisory services and the transaction fees imposed by the broker-dealer. Under a non-wrap fee program you will be charged transaction costs separately. Since a wrap fee covers transaction expenses it tends to be higher than non-wrap fee programs. You will also be charged internal fees and expenses by the funds we invest in within your account.

We offer financial planning services for a negotiable hourly fee of \$400 or a fixed fee of up to \$20,000. Any fees we charge for financial planning and consulting services will not cover the costs associated with implementing any recommendations we may make.

Asset-based fees associated with our wrap fee program will include most transaction costs and fees to a broker-dealer that has custody of these assets, and therefore are higher than a typical asset-based advisory fee. We provide financial planning services for an hourly or fixed fee. Our fees are negotiable depending upon the complexity and scope of the service, your financial situation, and your objectives.

For additional information regarding our fees, please see Item 5 of our Form ADV Part 2A and/or Item 4 of Form ADV Part 2A Appendix 1 at the following link: <https://adviserinfo.sec.gov/firm/brochure/170456>.

Description of Other Fees and Costs: The fees that you pay to our firm for investment advisory services are separate and distinct from the fees and expenses charged by investment companies (e.g., mutual funds, exchange traded funds, unit investment trusts and variable annuities). These fees are described in each fund's prospectus. These fees will generally include a management fee and other fund expenses. You will also incur transaction charges and/or brokerage fees when purchasing or selling securities. These charges and fees are typically imposed by the broker-dealer or custodian that executes the trade. The broker-dealer or custodian may also charge your account for custodial fees, retirement account fees, trust fees, exchange fees, redemption fees that may be assessed on investment company shares, transfer fees, account termination fees or other special service fees and charges. We do not share in any portion of these fees imposed by the broker-dealer or custodian. To fully understand the total cost you will incur, you should review all the fees charged by investment companies, broker-dealers, our firm, and others.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Conversation Starter: Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

When we provide portfolio management services, we will ask that you establish an account with LPL Financial and/or Charles Schwab (our custodians) to maintain custody of your assets and to effect trades for your account. Our recommendation to use our custodians is not based solely on your interest of receiving the best execution possible. We also recommend our custodians because they provide us with research, products and tools that help us manage and further develop our business operations. As a result, we do not have to pay for such benefits, which save us money; however, these arrangements create a conflict of interest. See Item 12 of our Form ADV Part 2A for more information about our arrangements with our custodians. We actively manage our own personal accounts while at the same time managing your accounts and other client accounts. This creates different conflicts of interest for which we have developed procedures to mitigate and control for those conflicts. For more information see Item 11 of our Form ADV Part 2A. When we recommend that you utilize a third-party money manager we will receive a percentage of the fee which they collect from you. This creates a conflict of interest as we have an incentive to recommend managers who have such arrangements with us. Some of our investment adviser representatives also serve as insurance agents. Through their role as such they may sell, for commissions, various insurance products. We have a conflict of interest in recommending these products to you because of the potential for additional revenue.

Conversation Starter: How might your conflicts of interest affect me, and how will you address them?

Please refer to our Form ADV Part 2A and/or Form ADV Part 2A Appendix 1 for further information on our conflicts of interest and how we address them at the following link: <https://adviserinfo.sec.gov/firm/brochure/170456>.

How do your financial professionals make money?

Our financial professionals receive salary based compensation, a percentage of advisory billings and/or bonuses based on the amount of client assets they bring to our firm. Therefore, our financial professionals have an incentive to encourage you to increase the assets in your account. Financial professionals who have an ownership interest in the firm will also receive additional compensation in the form of distributions.

Item 4 – Do you or your financial professionals have legal or disciplinary history?

No for our firm, Yes for financial professionals.

For a free, simple search tool to research us and our financial professionals please visit [Investor.gov/CRS](https://investor.gov/CRS).

Conversation Starter: As a financial professional, do you have any disciplinary history? For what type of conduct?

Item 5 – Additional Information
