

Marketing Internship Program

Our Internship Opportunities

This internship is designed to give insight into the marketing and communications functions of the firm and the impact interns can have on its success. Offering valuable work experience and exposure to our business, a student with aligned personal and academic interests will have the opportunity to develop and demonstrate their skills. We look for individuals with intellectual curiosity and creativity, a passion for excellence, leadership potential, and the ability to work well independently as well as a part of a team. The learning curve is steep and will require the individual to quickly immerse themselves in the role.

Qualifications

- Enrolled in a bachelor's program, academic coursework alignment required, though Marketing, Communications, and related majors preferred
- Proficient in Microsoft Word, Excel, and PowerPoint
- Experience with social media
- Highly detail oriented and motivated to deliver
- Strong verbal and written communication/interpersonal skills

About Tempewick Wealth Management

Tempewick Wealth Management LLC is a boutique Insurance, Investment, and Estate Planning advisory firm. With over 60 years of collective experience, we endeavor to help you understand your needs and concerns and tailor our advice to help you simplify your life and achieve your goals.

As independent advisors, we offer access to comprehensive products and services without limitation to proprietary products - without being driven by considerations other than our clients' best interests. We may receive either fees or commissions depending on either the services we provide or products selected. We believe that, unlike other advisors who to subscribe to a single method of compensation, maintaining this flexibility serves as one of our foundations and allows us to provide comprehensive advice to our clients and appropriate solutions as financial markets and products change over time.

Interested students should send their resume and cover letter to:
