This quick reference guide provides key Social Security numbers to help you in planning. The percentages shown here are applied to the primary insurance amount (PIA) of the worker on whose earnings record benefits are being claimed. The PIA can be found on the worker's Social Security statement. It is an estimate of the benefit amount if claimed at full retirement age (FRA). You can obtain your latest statement by opening an account at ssa.gov/myaccount.

Worker: Retirement benefit as a percentage of PIA, beginning at age...
