

DEFINING THE VALUE OF FINANCIAL ADVICE

**PARTNERING TO PURSUE YOUR
FINANCIAL GOALS**

As your financial professional, I'm dedicated to helping you achieve your financial goals. By understanding your individual needs and objectives, I will provide you personalized guidance along your financial journey with the right strategies and solutions in place to help you succeed.

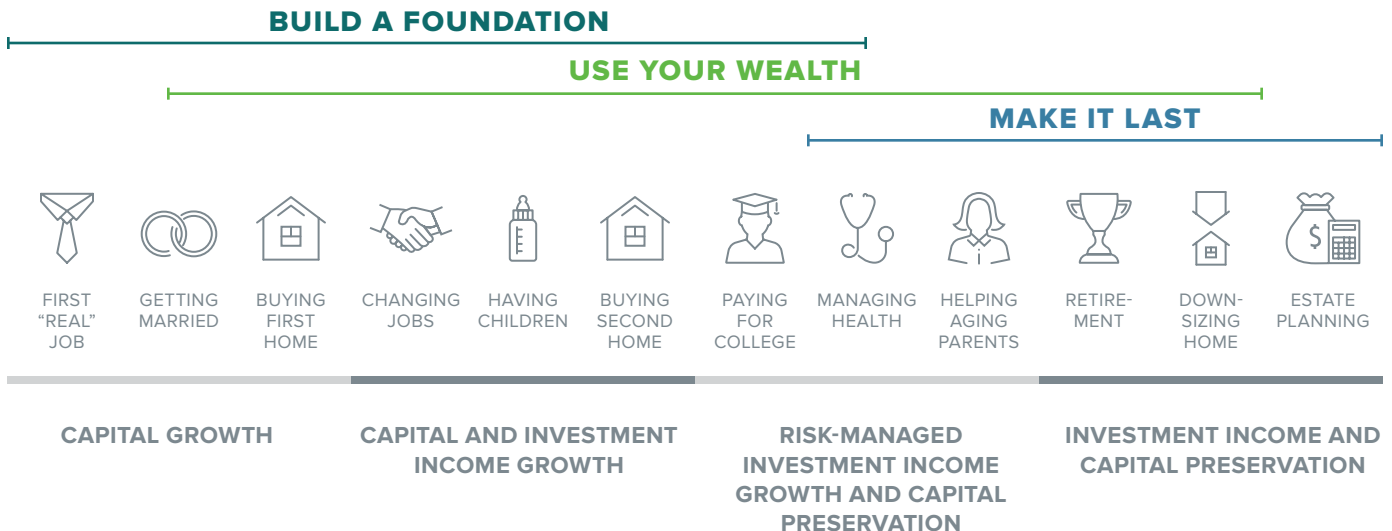

HOW WE WORK TOGETHER

We'll start by gathering information. By understanding your full financial picture, we can tailor a comprehensive wealth management plan to your goals.

YOUR FINANCIAL JOURNEY

Once we have a plan in place, we'll continue to refine and have ongoing discussions to make sure you are on track, because as your investment goals evolve, adjustments to your strategy will be necessary as you travel through your financial journey. Although everyone's path is unique, three major phases emerge through adulthood and each stage requires thoughtful financial planning and strategic investment choices: *Build a Foundation*, *Use Your Wealth*, and *Make it Last*.

BUILD A FOUNDATION

The growth phase of your life, with increases in income, household participants, and larger, more permanent purchases in life.

USE YOUR WEALTH

The spending phase of your life, with increased demands on your time, more complexities in your life, and greater need for resources.

MAKE IT LAST

The sustaining phase of your life, focused on ensuring your money lasts longer and works smarter to provide you with confidence throughout your retirement.
