### **Business Continuity Plan (BCP)**

---

Allied Millennial Partners and Millennial Advisers has developed a Business Continuity Plan for how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions are unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information regarding our business continuity plan.

**Contacting Us** - If after a significant business disruption you can contact us as you usually do at (646) 532-2400 or go to our web site at [www.ourallied.com](http://www.ourallied.com).

**Our Business Continuity Plan** - We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm's books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our firm to resume operations as quickly as possible, given the scope and severity of the significant business disruption.

Our business continuity plan addresses: data backup and recovery; all mission critical systems; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact; regulatory reporting; and assuring our customers prompt access to their funds and securities if we are unable to continue our business.

Our clearing firms, INTL FCStone and Interactive Brokers, backs up important records in a geographically separate area. While every emergency situation poses unique problems based on external factors, such as time of day and the severity of the disruption, we have been advised by our clearing firms that its objective is to restore its own operations and be able to complete existing transactions and accept new transactions and payments within 24 hours. Your orders and requests for funds and securities could be delayed during this period.

**Varying Disruptions** - Significant business disruptions can vary in their scope. For example, they could affect only our firm, the entire building our firm is located in, the business district where our firm is located, and the city where we are located, or even the entire region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In a disruption to only our firm or a building housing our firm, we will transfer our operations to a local site when needed and expect to recover and resume business within 24 hours. In a disruption affecting our business district, city, or region, we will transfer our operations to a site outside of the affected area, and recover and resume business within 48 hours. In either situation, we plan to continue our business, transfer operations to our clearing firm if necessary, and notify you through our web site [www.ourallied.com](http://www.ourallied.com). If the significant business disruption is so severe that it prevents us from remaining in business, we will assure our customer's prompt access to their funds and securities.

**For more information** - If you have questions about our business continuity planning, you can contact us at (646) 532-2400.
